GERMANY AND UNITED STATES EXCHANGING VIEWS ON THE NOTE

Responsible for Delay of Reply to U. S. Communication.

EXPECTED YESTERDAY

Diplomats Are Trying to Evolve Formula Acceptable to Both Sides.

State Department Fully Informed as to Outline.

Berlin, July 5., via London.—It is learned that a preliminary exchange of views is proceeding between the United States and Germany regarding the nature of the forthcoming German reply to the American note respecting submarine warfare and the Lusitania incident. This is responsible for delay in the delivery of the German note, transmission of which to the American government was expected today.

Efforts of the diplomats on both sides are directed toward evolving a formula for a note acceptable both to Germany and the United States, and it is believed the note will have a reasonable chance of furnishing a basis for a satisfactory settlement of the submarine problem.

Gerard and Zimmerman Confer.

In consonance with this plan, the German under-secretary for foreign affairs, Dr. Alfred Zimmerman, and the American ambassador, James W. Gerard, conferred Saturday when the nature of the draft of the note as elaborated in the German conferences was outlined to the ambassador and discussed.

It is understood that Mr. Gerard has informed the State Department fully as to the outline of the note, and instructions from the United States are awaited before further steps are taken. The greatest reserve is being maintained by both sides in the interval.

The nature of the proposals in the draft under consideration, which has received the Emperor's approval is being most carefully guarded. There is reason to believe, however, that these have in view the attainment of some means for ensuring the safety of Americans traveling on passenger ships possibly by some plan of certifying the cargoes of the vessels.

Details of the plan present greater difficulties than the principle itself because the Germans wish to preserve as great a freedom of action as possible to interfere with shipments of war supplies to Great Britain.

Would Make Concessions.

It is pointed out in certain quarters that the German government is animated by a sincere desire to go as far in providing for the safety at sea of Americans traveling on "lawful occasions" as consistent with military necessities and the force of German public opinion. And this is a force that is certain to be taken into account.

It is believed, however, that by the present plan of a preliminary interchange of views a solution may be found which would go a long way toward meeting the American wishes.

It appears to be not a question, so far as Germany is concerned, of abandoning the submarine warfare against hostile merchantmen generally. The recent successes of the German submarines against vessels of big tonnage and great speed have augmented the desire of German public and press for a continuation of the campaign, the effectiveness of which is no longer questioned here.

LOOKS MUCH BETTER.

Difficulties May be Solved by Diplomatic Discussions.

Washington, July 5.—Indications in official quarters tonight were that difficulties between the United States and Germany over submarine warfare may be solved in informal diplomatic discussions prior to the final drafting of the German reply.

The seriousness of the issue between the United States and Germany has so impressed officials in Berlin that they are undertaking to learn through Ambassador Gerard informally exactly what modifications of the submarine campaign will satisfy the American demand for the protection of its rights without reducing the effectiveness of the submarine as a weapon against Germany's enemies.

Ambassador Gerard has had several conferences with high German officials in which various suggestions have been made. The conference to which Berlin press dispatches referred as having taken place last Saturday had not been reported by Ambassador Gerard tonight.

WILL MAKE COUNTER PROPOSAL

German Reply to American Note Not This Week, Says Gerard.

Washington, July 5.—Germany's reply to the last American note concerning submarine warfare probably will not be received for another week. Am-

(Continued on Page Eight.)

WOULD CONSIDER TERMS FOR PEACE

But Negotiations Must Come From Neutrals, She Says.

JANE ADDAMS RETURNS

Visited Capitals of Several Warring Nations—Says Neutrals Should Not Delay Action—Talked With Jagow.

New York, July 5.—More than 100 representatives of peace organizations and kindred associations of women gathered at the American Line pier today to welcome Miss Jane Addams, president of the Women's Peace party, returning from Europe on board the St. Louis. Since attending the women's peace conference at The Hague, Miss Addams has visited the capitals of several of the belligerent countries in the interest of peace.

Miss Addams declared the people of the warring nations were in a mood to consider peace terms, but that negotiations must come from neutrals and the longer they were delayed the harder would be the task.

The nations at war, she said, have no choice but to go on. No negotiations can be suggested by any of them now without giving the appearance of weakness, and none of the nations as yet feels in the slightest but that its cause can and must succeed.

Two Parties in Each.

"In every country at war there are two parties, civil and military. Members of the civil party are patriotic, and the military party naturally is in control. There is some feeling in Germany that Belgium might be given up in return for concessions of territory in the Congo. In France there is the desire for the restoration of Alsace and Lorraine, but with a feeling that concessions be granted in other ways. All this, however, is unofficial and so far as I could see, peace terms and conditions are as yet but a matter of speculation.

"The people in all the countries are beginning to realize the frightfulness of the slaughter."

While America, she said, was recognized as the strongest neutral, in Germany there was resentment owing to the sale of arms to the Allies. In France, she said, she found resentment because the United States had not made formal protest over the invason of Belgium.

Right to Sell Arms.

In Germany, however, she found among officials, she said, an acknowledgement that the United States was acting wholly within her rights. Minister Von Jagow himself told her, she declared, that the United States had a legal as well as a moral right to sell arms and ammunition to whom it chose.

In Rome Miss Addams was granted a half hour's audience with the Pope. "The Pope said he realized that women had a great part to play in the restoration of peace," she said, "and he added that the Vatican stood ready to cooperate and unite with any move looking toward that end."

Miss Addams said that while in London she investigated the question of "war babies" and found that reports had been greatly exaggerated.

BOMB EXPLODED IN NEW YORK POLICE STATION

Building Slightly Damaged, But No Person Injured.

New York, July 5.—A dynamite bomb was exploded tonight in an areaway outside the detective bureau at New York's police headquarters. A heavy door was blown ten feet and a number of windows were shattered, but no one was injured. Five prisoners were locked in a cell twenty feet from the place where the bomb was exploded, and fragments of metal pierced the ceiling of their cell.

The damaged part of the building is close to Inspector Faurot's office.

The police worked on the theory that a jail delivery had been attempted, but there was virtually nothing which led to a definite clue.

AT "SUMMER CAPITAL"

Fourth Celebrated for Little "Baby" Sayre at Harkiakendon.

Cornish, N. H., July 5.—"The Fourth" was celebrated tonight at Harkiakenden House, for the benefit of Francis Woodrow Sayre, the President's infant grand son. "Baby" Sayre received a box of fireworks and they were touched off while Mr. Wilson and others of the household watched the proceedings from the porch.

No definite plans have been made for the President's departure from Sornish. He already has been hereslonger than on any previous visit. He has been benefited by the cool mountain atmosphere.

IMPORTANT PRISONER ESCAPES.

From Military Detention Barracks in British Columbia.

Vancouver, B. C., July 5.—Karl W. Kastner, regarded as a very important prisoner, escaped from the military detention barracks at Nanaimo, B. C., today, through a hole in the roof. Kastner, a structural iron worker, was employed on the government dry dock at Prince Rupert last year and came to Vancouver with papers alleged to have been plans of the dock.

RUSSIANS MAKING DESPERATE STAND

Much Activity Apparent in All Three War Theatres.

FRENCH LOSE IN WEST

Berlin Claims Important Successes in the Forest of Le Pretre—Von Linsingen's Army Reported as Successful—Conflicting.

London, July 5. — Much activity was apparent today in all the three theatres where the warring factors are in actual contact, but reports as to results generally were contradictory.

Berlin uses a "reliable source" for the denial that a German battleship of the pre-dreadnought type was sunk by a Russian submarine at the mouth of Danzig Bay, but Petrograd's version is accepted by London.

Reading between the lines of the official reports, it is not difficult to deduce that the Russians are making a desperate stand between the rivers Pruth and Dneister. Grand Duke Nicholas, Russian commander in chief, reports desperate fighting in South Poland, while Vienna admits that the Russians are attacking in strong force. Austro-German sources, however, declare this effort is a forlorn hope.

General Von Linsingen's Teutonic army, after a fortnight of terrific struggles, is reported by Vienna and Berlin to have reached the whole front of the Zlota Tipa river, in Eastern Galicia.

Berlin claims important successes also in the West, where, in the forest of Le Pretre the Germans are reported to have compelled the obstinately resisting French to evacuate trench after trench over a 1,500-yard front until a thousand prisoners including a battalion staff and a number of guns fell into the hands of the attackers. The Paris version of this claim is that after an extremely heavy bombardment, the Germans along a front of one kilometre regained a foothold in the old lines, which had been taken by the French. Both sides report sanguinary but fruitless attacks at other points.

Rumors from Dardanelles.

Rumors again are rife concerning operations at the Dardanelles, but the public curiosity will be sated to some extent when the morning papers publish the vivid report from General Sir Ian Hamilton, commander in chief of the allied land forces at the Dardanelles, covering recent operations on the Gallipoli peninsula, where fierce fighting from June 28th to July 3rd resulted in the check with appaling slaughter of a Turkish offensive attempted under the eye of Enver Pasha, Turkish minister of war.

Citizens of Switzerland report the Swiss-German frontier closed as a result of massing German troops preparatory to an effort to drive the French from Alsace.

The expected opposition to the National Registry bill has elicited the statement from Premier Asquith that the government does not contemplate the introduction of forced labor or conscription.

Not in years has the American Independence Day been less observed here. The time-honored dinner of the American Society was not given, and theer was only an informal reception held by Walter Hines Page, the American ambassador, and his family. The shops and hotels, usually gay with American flags, flew the allied flags or none.

London is keenly interested in one feature of the American affairs, however, for the papers have devoted as much space to the shooting of J. P. Morgan, head of the firm of J. P. Morgan & Company, commercial agents of the British government, as they did to the resignation of W. J. Bryan as Secretary of State.

CARNAGE AT DARDANELLES

British Losses Terrible — Turkish Losses Lighter.

London, July 5.—The total Turkish casualties in the Dardanelles operations between June 28 and July 2 were 5,150 men killed and 15,000 wounded, according to announcement tonight by the British official press bureau.

Berlin, (via The Hague and London), July 5.—The Constantinople correspondent of the Zeitung Am Mittag reports that the British lost 10,000 men in the last 12 days' fighting around Seddul Bahr on the Gallipoli peninsula. He states that he saw thousands of wounded transported to hospital ship while the dead were left unburied. The dispatch continues:

"The climax in this awful carnage was reached on the morning of July 1, after a three-day offensive that failed utterly. Boats traveled to and from the transports for hours with the wounded. The Turks learn that Alexandria, Cairo, and the islands occupied by the British are literally choked with wounded.

"The Turkish losses were measurably less and lighter; half the injured already are back in the fight."

West Point, Miss., July 5.—The coroner's jury empanelled to investigate the triple tragedy of Blanton's Ferry today returned a verdict that Max and J. Epps Melton and John Leake "came to their deaths at the hands of persons unknown." The verdict was rendered without the hearing of any evidence, it being explained that no witnesses were examined because of the failure of the attorneys for the state and relatives of the dead men to appear for the inquest.

London, July 6.—The German war ministry has appointed a special committee to supervise the German cotton industry, according to the Copenhagen correspondent of the Morning Post.

HE WARNS AGAINST DANGER OF BREACH WITH THIS NATION

German Admiral Von Truppel Writes Remarkable Article in Der Tag.

HE COUNSELS CAUTION

Doubts That Value of Submarine Warfare Equals Expense of Rupture.

Berlin, June 5 (via London).—Admiral Oscar von Truppel, at one time governor of Kiao Chow, warns his compatriots in an article in Der Tag not to underestimate the danger of a breach with the United States. He asks careful consideration whether the value of Germany's submarine warfare is great enough to justify its continuance at the expense of such a rupture.

The article is regarded as remarkable, not only for its open statement regarding the far-reaching effect participation of America in the hostilities might exercise, but also as a contribution from a naval officer. All German naval publicists hitherto heard from have devoted their energies to accelerating public opinion against any modification of the submarine campaign between the advocates and the opponents of a compromise still is intense, and delivery of the note probably will be delayed several days. It is hoped by those who favor a compromise that additional consideration will produce a change in the attitude of the naval party, which has been bringing heavy pressure to bear.

Admiral Von Truppel in his article in Der Tag, writes:

Von Truppel's Warning.

"A German-American war, or even a rupture of diplomatic relations the effect of which would virtually be as great, would injure German prospects more seriously than many believe. Although America at first would be able to contribute little to the military strength of the entente Allies, except by an acceleration of the munitions supply, it could in time co-operate with considerable land and sea forces and with first class submarines and aeroplanes in the complete isolation of Germany. It also could exercise such pressure upon few remaining neutral countries that they probably would be arrayed actively or passively in the ranks of our enemies."

Admiral von Truppel discounts the stories of earlier existing American agreements with Great Britain against Germany, explaining that this is most improbable owing to American diplomatic tradition. "But it is undeniable," he says, "in spite of President Wilson's unquestionable desire to reach a peaceful solution of problems, that the sympathies of a majority of Americans are on the side of England and that only a spark might be necessary under certain conditions to kindle this feeling into a hostile outbreak."

Kernel of the Problem.

The kernel of the problem from a German standpoint, concludes Admiral Von Truppel, is contained in this question:

"Can we hope so far as we are able to foresee to force England to its knees through submarine warfare against her commerce?"

"If the answer is in the negative our submarines can find better employment against hostile warships, particularly

(Continued on Page Eight)

War News at a Glance

In the series of fierce engagements in the Dardanelles, the allied forces were supported by the British destroyer Scorpion, which cut down masses of the Turks. On occasions the British yielded ground but the positions were re-taken in hand-to-hand encounters.

General Hamilton reports that the Turkish war minister, Enver Pasha, was in the Turkish trenches on June 29th and that it was by his direct order that the three Turkish battalions engaged understook such an active offensive, which resulted disastrously.

It is reported unofficially from Constantinople by way of Berlin that the British themselves lost 10,000 men during the last 12 days fighting around Seddul Bahr.

In the East, the strongest Russian opposition to the Austro-German advance is being between the Pruth and Dneister rivers. At other points the Austro-German progress continues and the advance is reported to have reached the Russian line on the Slota Lipa river in Galicia.

While comparative calm has reigned during the past 24 hours in the West, the Germans report a success on the previous day at LePretre forest, where the French were compelled to evacuate trenches, 1,000 unwounded French soldiers being taken prisoner. On the Moselle a French blockhouse, with the men occupying it, was blown up in a German attack.

A dramatic story comes from Queenstown of the escape of the British steamer Anglo-Californian from a German submarine which with greater speed, overhauled the steamer and sought to send her to the bottom. The captain of the Anglo-Californian maneuvered his vessel for hours, until a shell blew him from the wheel. Then his son took his place and British destroyers came to the rescue.

Nine of the steamer's crew were killed by shell fire and eight were wounded.

BIGGEST AUDIENCE EVER HEARS BRYAN

Delivers Independence Day Oration at 'Frisco.

ON UNIVERSAL PEACE

Fourth of July Celebrations in Various Places—Liberty Bell Starts Over Continent—Wilson Man of the Hour.

San Francisco, July 5. — An oration by William Jennings Bryan on "Universal Peace" was the feature of the elaborate programme arranged for the third and concluding day's independence celebration today at the Panama-Pacific Exposition. Other speakers were Senator James D. Phelan, Congressman Julius Kahn and Edwin Markham, the poet.

A big military pageant, athletic contests and a pyrotechnical display tonight were included in the list of special events.

"I know of no better way to celebrate this day than to consider with you the work that lies before us," Mr. Bryan said. He declared that "the precedents of history are largely on the side of property, and if the United States is to lead the world in the advance toward economic peace it must be guided by the principle that human rights come first."

"We cannot woo the world away from its woes by mental processes," he said, discussing the international situation. "They lack the warmth the present demands.

"The heart overflowing with sympathy and animated by good will — this and this only — is equal to the delicate and difficult task for which the American nation has prepared itself."

Mr. Bryan said his audience was the largest he ever had addressed.

Exposition officials announced 122,329 admissions up to 2 P. M.

GOOD BYE, LIBERTY BELL.

Revolutionary Relic Starts to San Francisco—Ceremonies.

Philadelphia, July 6.—Philadelphia bade good-bye to the Liberty Bell today. Escorted by a national guard brigade, the old Revolutionary relic passed between lanes of thousands of pearsons to the Pennsylvania station, was hoisted on a specially constructed car and amid cheers left for the Panama-Pacific Exposition. Six months will elapse before it will be returned to Independence Hall.

The Independence Day celebration here was planned to fit in with the ceremonies attending the departure of the bell. The relic was placed in Independence Square and about it was held a patriotic demonstration of the character of those witnessed in the historic square in the early days of the Republic—singing by school children, addresses and prayer.

Cone Johnson, solicitor of the State Department, referred in his address to the "anarchy that is abroad today."

"With half the world deluged in blood, bombs placed to destroy our beautiful capitol, and attempts made at assassination in the name of peace," he said, "it is a fitting time to come to this shrine of liberty, to take sane and intelligent counsel of the men who wrought here and take fresh inspiration from them."

Thousands of persons stood about Independence Hall to see the bell start on its journey and cheered as the relic's successor in the tower of the Old State House rang out 48 times, one for each state in the Union.

Seventy stops will be made en route to San Francisco to allow cities in Pennsylvania, Ohio, Indiana, Illinois, Iowa, Kansas, Missouri, Nebraska, Colorado, Wyoming, Utah, Idaho, Oregon, Washington and California to review the relic.

The return trip next November will be through some of the southwestern and Southern states.

WILSON MAN OF THE HOUR

Man Destined to Bring the World to Senses, Says Folk.

Charlottesville, Va., July 5.—Joseph W. Folk, chief counsel for the Inter-State Commerce Commission, at an Independence Day celebration here today, referred to President Wilson as the man "destined to bring the world to its senses in these days of reckless slaughter even as Jefferson pointed the way to liberty and happiness for the common man."

"This Independence Day has a deeper meaning than any that has gone before," said he. "The spirit that inspired the words of that immortal document (the Declaration of Independence) still lives and breathes through millions of American hearts. If, unhappily, we should be drawn into the mighty conflict, we would meet the emergency as one, with a common resolute purpose. The mission of America, however, is to uplift mankind, not by the bayonet and bullet, but by holding aloft those ideals effected in the Declaration of Independence."

QUIET IN WASHINGTON.

Independence Day Observed on the Fifth of July.

Washington, June 5.—Independence Day was quietly observed here today. In the absence of President Wilson, most of the cabinet and with Congress not in session the celebration was devoid of the usual official character. All of the executive departments were closed and governmental activities practically were at a standstill.

The day's programme, however, was crowded with a varied assortment of patriotic athletic and other events.

Special exercises for America's naturalized citizens featured the celebration.

Messages of congratulation to the United States government poured into the White House today from the ex-

(Continued on Page Eight.)

HOLT ANXIOUS TO TELL WHOLE STORY

Will be Arraigned Tomorrow, if Physically Able.

MORGAN WILL RECOVER

Would-be Assassin in Serious Condition—Helps to Discount Theory That He is Muenter—Writes Wife—Pinkerton Man.

Glen Cove, N. Y., July 5—Frank Holt, the university professor who shot J. P. Morgan, declared today that when arraigned Wednesday he would tell the whole story of his life, particularly his movements leading up to the placing of a bomb in the United States Capitol at Washington and his attempted assassination of Mr. Morgan. He will reveal, also, he said, where he bought the dynamite found on him.

Holt made these declarations to Dr. Guy Cleghorn, jail physician, adding that he was anxious to tell his story in court.

Dr. Cleghorn said, however, that Holt was in such a weakened condition that unless he showed decided improvement by Wednesday he might report it inadvisable to remove him from the jail at Mineola to the court house here.

Mr. Morgan, who was shot twice by Holt last Saturday at the financier's home near here, continued to improve today—so much so that specialists in attendance announced he was out of all danger.

Mr. Morgan spent a restful day and members of his family and friends were very much cheered by his general favorable condition. Tonight Mr. Morgan received W. H. Porter, a business associate, and Police Commissioner Arthur Woods, an old friend of the family. Later the two callers said Mr. Morgan appeared in the best of spirits.

The favorable turn in Mr. Morgan's condition was in marked contrast to that of Holt, the financier's assailant. Holt's condition became so grave that late in the day orders were given that he was not to be disturbed and that no one was to be permitted to see him but his counsel and the jail physician.

Denies He is Muenter.

Holt helped today to discount the theory that he might be Erich Muenter, the Harvard professor, who disappeared in 1906 after his wife had died, it was charged, of poisoning. Holt declared emphatically that he never had been in Cambridge, Mass. Holt told this to T. J. Reidy, a New York lawyer, who visited him and then announced that he had been retained as counsel for the prisoner. Holt, according to Reidy, said also that he was in Germany in 1906. Earlier in the day he told Sheriff Grifenhagen that he could not remember where he was in that year.

Charles J. Wood, assistant district attorney of Nassau county, who said he was in the German department at Harvard in 1905-06, in the same class with Muenter, visited Holt today and then said that he was unable to identify the prisoner as his classmate. Wood said that Holt appeared to be in such a stage of utter collapse that he thought it best to look at him again to satisfy himself that he is or is not his former classmate.

Word was received at the jail tonight that tomorrow an officer is expected to arrive from Cambridge, Mass., who can positively identify Muenter.

Dr. Cleghorn said Holt was suffering chiefly from lack of nourishment. He also is suffering from intestinal trouble so often associated with an unsound mind, he said. For this reason, the physician said, it may be necessary to postpone the arraignment. But Holt, the physician added, insists he is all right and wants to tell his whole story at the examination set down for Wednesday.

William Hulse, warden of the jail, substantiated Dr. Cleghorn's statement by saying that Holt had eaten little since his arrest.

Writes Letter to Wife.

Holt today wrote a letter to his wife at Dallas, Texas, telling her that he did not care to live any longer and hoped she would "bring the little ones up to be God-fearing men and women."

There was some mystery here today regarding the identity of the person or persons who directed Reidy to represent Holt, and in what capacity Allan Pinkerton, of a detective agency, who appeared here today, is acting.

At first Reidy said he had been sent here at the behest of a member of the Cornell University faculty. Later, however, he denied this. Reidy declared he has property in Ithaca and that he knew the prisoner while the latter was at Cornell.

Pinkerton said he was employed by the authorities of Nassau county. Warden Hulse, in the absence of Sheriff Pettit, who left early in the day for California, said Pinkerton was employed by the county "to look up a few little things." District Attorney Smith said, however, he knew nothing of Pinkerton being employed by the county. He said he thought he had been employed by the Morgan family.

TAUGHT AT BRISTOL

Was Considered Eccentric and His Method Peculiar.

Bristol, Tenn.-Va., July 5.—Frank Holt, who shot J. P. Morgan last Saturday, was an instructor in French and Latin at Emory and Henry College, near here, in 1912-1913. His teaching method was considered peculiar and he himself eccentric.

PICTURES VERY SIMILAR.

Photographs of Holt and Muenter Look Very Much Alike.

Chicago, July 5. — "The pictures of Holt and Erich Muenter, my sister's husband, show much similarity," said Walter Krembs, 1242 Argyle street, today, when asked about reports that the

(Continued on Page Eight)

WITHSTOOD ATTACK OF FOUR HOURS BY GERMAN SUBMARINE

British Steamer Anglo-Californian Reaches Port With Nine Dead.

AMERICANS ON BOARD

French Steamer and Norwegian Bark Sunk by German Under-Sea Craft.

Queenstown, July 5.—With nine dead sailors stretched on her deck, eight men lying wounded below and her sides riddled with shot and shell, the British steamship Anglo-Californian steamed into Queenstown harbor this morning after having withstood the attack of a German submarine for four hours. The ship's escape from destruction was accomplished with no other means of defense than the indomitable spirit of her captain and crew, combined with masterly seamanship, which enabled her to frustrate the efforts of her assailant to torpedo her.

The story of how Captain Parslow stood on the bridge of the Anglo-Californian amidst a rain of shot and calmly directed the movements of his ship until he was killed by a shell, and how his place was taken by his son until British destroyers appeared and the submarine was compelled to flee was told by the survivors.

The Anglo-Californian left Montreal for the British Isles on June 24. The submarine was sighted at 8 o'clock last Sunday morning. Captain Parslow ordered full steam ahead and wireless calls for assistance were sent out.

Remarkable Work of Captain.

The submarine on the surface proved to be a far speedier craft than the steamer and rapidly overhauled her, meanwhile deluging her with shells. One shot put the wireless aparatus on the Anglo-Californian out of action. Finding he could not escape by running gfor it, Captain Parslow devoted all his attention to maneuvering his so as to prevent the submarine from using torpedoes effectively.

"Our captain was a brave man," said one of the narrators. "He kept at his post on the bridge, coolly giving orders as the submarine circled around us vainly seeking to get a position from which it could give us a death blow with torpedoes. All the while the underwater boat continued to rain shot and shell upon us and at times was so close that she was able to employ fire effectively. At last one shell blew the captain off the bridge, killing him outright and terribly mutilating him. Just before that he had given orders to launch the boats, but this was very difficult under the shell fire. Several men were struck down while working at the davits. Ultimately four boats were got overboard and we rowed away until picked up."

Son Takes His Place.

The son of Captain Parslow, serving as second mate, was standing by his father's side when the latter was killed. The son was knocked down by the violence of the explosion. Springing to his feet he seized the wheel and as ably as his father had done, continued dodging the submarine. Another shell burst alongside him shattering one of the spokes of the wheel but young Parslow remained at his post.

The wireless S. O. S. calls that had been sent out at the first alarm had reached those able to give more than passive assistance, however, and British destroyers appeared. On their appearance the submarine abandoned the attack and submerged. Young Parslow was still at the wheel when the destroyers came up.

AMERICANS AMONG CREW.

Fifty of These and Canadians on Board the Anglo-Californian.

Montreal, July 5.—Fifty Americans and Canadians were among the crew of 95 aboard the British steamer Anglo-Californian. The men were shipped at Montreal and they included George Rogers, Richmonf Va.; W. J. Feeney, John Vaughan and John Mahoney, all of Newport News, Va.; R. L. Martin, Boston, George Price, Woodstock, Vt., and L. G. Carroll, Syracuse, N. Y.

A party of Russian reservists also were aboard.

When the European war started, the Anglo-Californian was in San Francisco and narrowly escaped capture by the German cruiser Leipsic. Since then she has made frequent trips from the United States to Europe. This spring she made five voyages from Newport News with horses.

FRENCH STEAMER SUNK.

The Carthage Torpedoed by a German Submarine.

Paris, July 5. — It was officially announced by the French ministry of marine that the French steamer Carthage, of 5,275 tons gross, was torpedoed by a German submarine yesterday and sunk.

It also was announced that a French squadron sighted two submarines in the channel yesterday and that one was hit by several shells and disappeared.

The announcement says the Carthage was sunk near Cape Helles. Six of her crew are missing.

NORWEGIAN BARK SUNK.

Crew, Including Six Americans, Landed After 20 Hours.

London, July 5. — The Norwegian bark Fiery Cross has been sunk by a German submarine seventy miles southwest of the Scilly islands. Her crew of 18 men, after spending 20 hours in open

Cleveland	24	42	.373
Philadelphia	25	43	.368

Detroit, July 5.—Detroit and Cleveland divided today's double bill, the locals winning the morning game 9 to 7, and the visitors taking the afternoon contest 5 to 3. Heavy hitting in the eighth inning, coupled with two bases on balls won for Detroit in the forenoon.

In the afternoon game Detroit outbatted Cleveland and Dubuc outpitched Hagerman, but the Tigers weakened in the pinches. A bad throw by Kavanaugh enabled Cleveland to score two of her runs.

Cleveland .....200 002 030—7 9 3
Detroit .....121 000 05*—9 13 2
Coumbe and O'Neill; Coveleskie and Baker.

Afternoon game:
Cleveland .....022 000 001—5 7 2
Detroit .....001 020 000—3 11 2
Hagerman and O'Neill; Dubuc and Baker.

New York, July 5.—The Philadelphia Athletics gave a flash of their former great form by winning both sections of a double-header today from the New York Yankees 4 to 2 and 2 to 1.

The Athletics won the first game through errors by New York. Walsh scored the Athletics' last run by a clean steal of home. Bush was effective in the pinches. In the second game, the Yankees outhit the visitors but Bressler kept men from the plate at Critical times. Walsh sent in both Philadelphia's runs, one with a home run and a second with a sacrifice fly.

Philadelphia .....011 010 010—4 7 1
New York .....000 000 110—2 8 4
Bush and Lapp; Fisher, Brown, Warhop and Nunemaker.

Second game:
Philadelphia .....100 000 010—2 4 0
New York .....000 000 010—1 8 2
Bressler and Lapp; Warhop and Nunemaker.

Boston, July 5.—The Red Sox, winning twice from Washington, while Chicago was losing today, narrowed the margin of the latter's lead in the league race. Ruth pitched a shut out game in the afternoon contest, while he and his teammates hit Shaw safely for six runs.

Washington .....000 000—0 3 4
Boston .....001 30*—4 5 0
Ayres and Henry; Foster and Thomas

Afternoon game:
Washington .....000 000 000—0 6 2
Boston .....013 010 01*—6 9 0
Shaw and Henry; Ruth and Cady.

St. Louis, July 5.—St. Louis won a double-header from Chicago today 3 to 1 and 9 to 3. The visitors enlivened the last two innings of the second game by rallies which brought them three runs, but St. Louis' nine runs had been scored early.

Chicago .....000 000 010—1 3 1
St. Louis .....000 101 10*—3 6 1
Cicotte and Schalk; James and Severoid.

Second game:
Chicago .....000 000 012—3 9 2
St. Louis .....100 232 00*—9 13 3
Wolfgang, Benz and Schalk and Daley; Hamilton and Agnew.

St. Louis, July 5.—Fielder A. Jones has resigned as manager of the St. Louis Federals, according to a message tonight from Caty Pallen, a stockholder in the Kansas City club who is with the team in Kansas City.

GIANTS GET A SINGLE HIT, LOSE TO PHILLIES

Brooklyn Beats Boston in Afternoon; Rain in Morning.

St. Louis and Pittsburgh Break Even in Doubleheader—Morning Game a Pitchers' Duel Between Mamaux and Doak.

RESULTS YESTERDAY
At Brooklyn 6; Boston 3.
At Pittsburg 1; St. Louis 3.
2nd: Pittsburg 5; St. Louis 0.
At Philadelphia 3; New York 0.
At Chicago 5; Cincinnati 8.
2nd: Chicago 7; Cincinnati 12.

WHERE THEY PLAY TODAY
Boston at Brooklyn.
St. Louis at Pittsburg.
New York at Philadelphia.
Cincinnati at Chicago.

STANDING OF THE CLUBS

	W	L	Pct.
Chicago	38	29	.567
Philadelphia	35	28	.556
Pittsburg	34	32	.515
St. Louis	37	35	.514
Cincinnati	30	33	.476
Brooklyn	31	35	.470
Boston	30	36	.455
New York	27	34	.443

Chicago, July 5. — Cincinnati cut down Chicago's pennant lead to one game today, when they took both games of the holiday bill—8 to 5 and 12 to 7—while Philadelphia defeated New York a game. Both the games were slugging matches, which abounded with erratic playing, especially on the part of the locals. In the first game Manager Bresnahan was ordered to the club house for disputing a decision.

In the second contest, Cincinnati took a combing lead off Lavender when a single, a double and two home runs netted four runs. Erratic playing followed and the visitors continued to pound out hits, making 18 for a total of 31 bases, Groh made five of them, two singles, a double, a triple and a homer, in five times at bat.

First game:
Cincinnati . . . .501 010 010—8 10 2
Chicago . . . . . .000 041 000—5 10 4
Schneider, Toney, Benton and Wingo; Zabel, Adams and Bresnahan, Archer.

Second game:
Cincinnati . . .004 011 303—12 18 1
Chicago . . . . . .010 010 032— 7 14 5
Ames and Wingo, Clarke; Lavender, Pierce and Archer.

Pittsburgh, July 5.—St. Louis and Pittsburgh broke even in a double bill today. The visitors took the morning game 3 to 1 and the Pirates this afternoon's 5 to 0. The early game proved a pitchers' duel between Mamaux and Doak. Harmon, for the Pirates, was very effective this afternoon and never was in danger. Pittsburgh scored two runs in the second inning on two hits and a pass and three more in the eighth on three hits and a pass.

Morning game:
St. Louis . . . .000 100 020—3 4 2
Pittsburgh . . . .000 000 010—1 7 1
Doak and Snyder; Mamaux and Gibson.

Afternoon game:
St. Louis . . .000 000 000—0 5 1
Pittsburgh . . .020 000 03*—5 8 1
Meadows and Snyder; Harmon and Schang.

Philadelphia, July 5.—Merkle, who doubled in the second inning, was the only New York runner to get on the bases in the game this afternoon which Philadelphia won from the Giants 2 to 0. The home team's victory was due to the bunching of four singles and a sacrifice off Perritt in the second. This was the third game in a little more than four weeks in which Alexander held an opposing club down to one hit. The morning game was prevented owing to wet grounds.

New York . . . .000 000 000—0 1 0
Philadelphia . . . .020 000 00*—2 9 0
Perritt and Meyers; Alexander and Killifer.

Brooklyn, July 5.—By bunching their hits off Hughes and Strang in four innings, Brooklyn beat Boston in the afternoon game today, 6 to 7. Getz's double with the bases full in the first inning was the batting feature. An oddity of the game was the fact that Maranville did not hake a put out, assist or error.

The morning game prevented by rain will be played as part of a doubleheader tomorrow.

Boston . . . .000 020 100—3 8 1
Brooklyn . . . .301 100 01*—6 9 2
Hughes, Strand and Gowdy; Pfeffer and McCarty.

Ball Teams Break Even.

In the double-header games of baseball yesterday, between Town Creek and Leland, neither team came out with a point in the lead. The first game was won by Town Creek, by a score of 2 to 0, while the second was won by Leland, by a score of 3 to 1. This made a total of one game each and three scores each.

Mount Carman, Pa., July 5.—Sylvester Elgin, a boxer of Locustdale, Pa., died today in his dressing room after a six round bout here with John Harvey, of Shamokin. A pail of water was thrown on Elgin at the end of the sixth round, and physicians say his blood became congealed and caused death. The district attorney's office is investigating.

Pittsburgh, July 5.—The Clay Court Tennis championships were finished on the Pittsburgh Athletic Association courts this afternoon with the final of the mixed doubles which went to Mrs. G. W. Wightman and H. C. Johnson, of Boston, who defeated Miss Clare Cassel, of New York and Percy Siverd, of Pittsburgh, in the final round 6-2,6-0.

Lumberton Defeats Hope Mills.

Lumberton, N. C., July 5.—Lumberton defeated Hope Mills today in a listless game of ball by the score of nine to nothing. Lumberton plays Rockingham here tomorrow. Batteries: Hope Mills, Brady and Davis; Lumberton, Glover and Pearsons. Attendance, 1,000.

Brooklyn	31	40	.437
Baltimore	27	43	.386
Buffalo	28	45	.384

Kansas City, July 5.—St. Louis after regaining first place by defeating Kansas City in the morning game 1 to 0, clinched it by winning again in the afternoon 4 to 3.

St. Louis .....000 000 001—1 4 0
Kansas City .....000 000 000—0 3 2
Groom and Hartley; Main and Easterly.

Afternoon game:
St. Louis .....000 040 000—4 7 1
Kansas City .....002 010 000—3 6 1
Plank, Crandall and Hartley; Henning, G. Johnson and Brown.

Baltimore, Junly 5.—Buffalo and Baltimore split even in today's games. Rain prevented the morning game and it was played off in the afternoon. The Terrapins were at the short end of the first game 8 to 5 while they won the second 9 to 2. It was Johnson's third straight win since he joined Baltimore.

First game:
Buffalo . . . . .330 010 010—8 11 0
Baltimore . . . . .005 000 000—5 10 0
Ford, Bedient and Blair; Bender, Conley and Owens.

Second game:
Buffalo . . . . .000 010 010—2 10 2
Baltimore . . . . .010 014 21*—9 11 0
Schulz, Krapp and Blair, Allen; Johnson and Jacklitsch.

Chicago, July 5.—Fast base running gave Pittsburgh the first game 5 to 3, and Zeider's good batting brought victory to Chicago, 2 to 1 in the holiday doubleheader here today.

First game:
Pittsburgh . . . .000 001 022—5 11 1
Chicago . . . . .000 001 002—3 8 2
Allen and Berry; Brown and Wilson.

Second game:
Pittsburgh . . . .010 000 000—1 6 1
Chicago . . . . .100 000 01*—2 6 1
Hearne and Berry; Prendergast and Fischer.

Newark, July 5.—Newark defeated Brooklyn here in the afternoon game today, 2 to 1. The morning game at Brooklyn was postponed on account of wet grounds.

Brooklyn . .000 000 100 000 00—1 10 7
Newark . .000 000 001 000 01—2 5 1
Wiltse and Land; Reulbach, Moseley and Rariden.

New Yorks, July 5.—Karl Behr and William J. Clothier today postponed until next Sunday their tennis match for the Nassau Country club cup. The turf courts at Glen Cove, L. I., were so soft from heavy rain that the single finals were held up. The doubles finals in which W. J. Clothier and A. S. Dabney meet A. H. Man, Jr., and C. A. Major, will be played next Saturday.

Cincinnati, July 5.—The National Baseball Commission in a decision today awarded Player Koob to the St. Louis American League club. Battle Creek, club, of the South Michigan League, laid claim to him.

FOURTH JULY YACHT RACE

Eight Boats Entered in Class A Event of Carolina Club, But Only Two Finished Because of Winds.

High winds from the northwest furnished plenty of excitement and interest for the members of the Carolina Yacht Club in the first race of the season in the class A competition for the Jones-Walters cup and only two were able to finish, these being Capt. E. A. Metts, in No. 78, who came in first, and Capt. J. S. Brown, in No. 66, who was next.

There were all elements of weather which was described as being "cyclone and calm, rain and sunshine." Three of the yachts capsized before the start, on account of the heavy winds, these being No. 68, Capt. H. J. MacMillan; No. 74, Capt. W. M. Parsley, and No. 64, Capt. Dougald MacMillan.

Capt. W. M. Peck, in No. 71, blew a mast and was disabled. The other two who were unable to complete race, were Capt. R. G. Rankin, in No. 69, and Capt. Platt W. Davis, No. 65. This left the field open to Captains Metts and Brown. Mr. R. C. Cantwell was official judge for the racing.

EDDIE RICKENBACHER WINS 300-MILE AUTOMOBILE RACE.

Omaha, Neb., July 5.—Eddie Rickenbacher won the 300-mile automobile race today. Time 3:17:37:20. Average 91.07 miles an hour. Rickenbacher led from the start and his advantage was never in danger. O'Donnell was second; Tom Orr third, and H. Donaldson, fourth. Rickenbacher's share of the $15,000 prize money was $6,500.

Rickenbacher won with comparative ease. He kept ahead of the field throughout the 300-mile grind.

Before the race Tom Orr set a new world's record for five miles—three minutes flat.

RALEIGH AND DURHAM PLAY 21-INNING GAME

Raleigh, N. C., July 5.—Carolina League records were broken this afternoon when Raleigh and Durham played a 21-inning game 2 to 2 tie, at Durham, darkness ending the pitchers' battle between Parnham and Atkinson.

The morning game at Raleigh went 14 innings, making 35 innings for the doubleheader, another record for the league.

Long Beach, Cal., July 5.—Clarence Griffin and William Johnston, of San Francisco, retained the Pacific coast doubles championship today by defeating Nat Brown and Claude Wayne, of Los Angeles. As a result of their victory they will compete at Lake Forest, Ill., for the rest to challenge Maurice McLoughlin and Thomas C. Bundy for the National doubles title.

Kansas City, July 5.—Fielder Jones, manager of the St. Louis Federals, telegraphed his resignation to Phil Ball, one of the owners of the club, after he was put out of this afternoon's game here by Harry Howell, umpire. Jones' banishment came in the second inning on a close decision at second base. Jones will direct the team until a successor has been chosen.

Tacoma, Wash., July 5.—Eddie Pullen won the 200-mile Golden Potlatch automobile race today on the Tacoma speedway in 2:21:14 2-4. Earl Cooper was second and Barney Oldfield third. A one hundred mile race wos won by Parsons in 1:15:27 2-5.

Newport News, Va., July 5.—Captain Parslow, master of the Anglo-Californian, was commodore of the fleet of Anglo boats owned by Lowther Latton & Co., of London. The Californian was one of the first steamers to take a cargo of horses from this port.

Rock Island, Ill., July 5.—Fifty persons in a light observation tower 60 feet high hell when it collapsed today, but only seven were hurt, none fatally. The tower fell while an aviator was giving an exhibition.

AMMEN'S TOILET POWDER is a pure, medicinal compound, built after a thorough investigation, to make an ideal preparation that would displace the useless, highly perfumed powders made from soap stone, which makes you glassy. Get a box at your druggist for 25 cents, and try it.

ANOTHER VILLA MAN IN WASHINGTON NOW

Lombardo, Foreign Minister for Northern Mexico

United States Officials Somewhat Encouraged by Drift of Things in Mexico—Villa and Carranza Glad Huerta is in Jail.

Washington, June 5.—Miguel Dias Lombardo, minister for foreign affairs in the northern branch of the convention government of Mexico, arrived here today to join Enrique C. Llorente, Washington representative of General Villa, General Felipe Angeles and Manuel Bonilla, former cabinet minister, under Madero.

The Villa leaders, who have been conferring informally with officials, have recorded their willingness to enter into peace negotiations with General Carranza looking to the establishment of a new provisional government which might be given immediate recognition by the United States.

The arrest of General Huerta and the vigorous pursuit of his associated has caused much satisfaction in both Villa and Carranza quarters here where the evident sympathy of the United States government for the factions originally combined in the constitutionalist movement as against the Huerta elemnet is referred to in terms of appreciation.

Government officials are hoping that the efforts of the United States to prevent counter revolutionary movements in Mexico will tend to bring the Carranza and Villa factions together in preliminary peace conferences. General Carranza hitherto has been steadfastly opposed to any conferences with Villa or his representatives, but in the arrival at Vera Cruz of Charles A. Douglas, his legal adviser in Washington, is being counted on to influence Carranza to a more conciliatory attitude. Mr. Douglas knows that the American government is not disposed to await the outcome of Carranza's announced programme of attempting to dominate his enemies by force, since such a process, it is held, might prolong indefinitely the fighting and offer no assurance of early peace. Moreover, he knows the United States will refuse to recognize any government that is not the result of a coalition of branches of the constitutionalist party.

Washington officials will await the outcome of Mr. Douglas' mission before undertaking the next step in the situation. In the meantime the Villa leaders make no secret of their hope that if Carranza continue to refuse to enter into peace negotiations moral support will be given the Villa-Zapata element in the future so that it can of its own initiative create provisional government composed of Carranza generals and leaders irrespective of their first chief.

OCCUPATION OF CAMP GLENN BEGINS TODAY

Second Regiment of State's Troops Now "Mobilizing."

Camp for Several Weeks Will be Virtually an Army Post, Colonel Rodman in Command for Ten Days.

(Special Star Correspondence.)

Kinston, N. C., July 5.—The occupation of Camp Glenn near Morehead City by the State troops will begin tomorrow. From then until a date in August the reservation will be virtually an army post, one regiment after another going into camp until the whole infantry brigade has done 10 days' service there. Col. W. C. Rodman, of Washington, assumes command of the "post" tomorrow, and will be at the head of the camp until his regiment, the Second, breaks camp on the 15th.

Companies from Tarboro, Kinston, Selma, Goldsboro (two), Fayetteville, Raeford, Clinton, Edenton, Wilson, Lumber Bridge and Dunn, comprise the Second Infantry. The field and staff of the regiment comprises the colonel, his lieutenant colonel, three majors, several captains, one of whom, Quartermaster Officer Hill, is absent in France; three first lieutenants, three second lieutenants, and a number of non-commissioned officers, including sergeants major, color sergeants, quartermaster and commissary sergeants, a trumpeter sergeant and others, and the band, with 28 enlisted men, from this city. The first section of the regiment will pass through Kinston tomorrow morning, comprising the Clinton, Goldsboro and local companies. Company I, from Edenton, will go into camp first, to prepare it for the remainder of the troops.

Camp Glenn in midsummer is a lively place. Morehead City profits by the soldiers' coming, since the adjutant general's office turns loose quite a sum of money for the men's pay, rations, etc., and the spendings of the individual men totals many thousands of dollars.

The North Carolina reservation is this summer as nearly perfect as any encampment place in the country. Excellent waterworks, clean conical tents for quarters, sewerage, bath houses, company kitchens, spacious mess halls, quartermaster rooms, a railroad station, and even paved streets are had at the model khaki town. Stables for the officers' mounts and other horses are hundreds of yards removed from the regimental quarters. Several surgeons supervise the sanitation, which at Camp Glenn is such as to be worth the study of community health officials in the civilian cities and towns.

Work at Camp Glenn will be mostly in the way of manual labor until "retreat" at sundown Tuesday. Wednesday instruction will be commenced in earnest.

Paullac, France, July 5.—The Spanish steamer Juan arrived here today with the captain and seven men of the French schooner Hirondelle. The schooner was sunk July 2 by a German submarine near Ouessant, the westernmost of the islands off the coast of Brittany.

New York, July 5.—Word was received here tonight from Cincinnati that President Hempstead, of the New York Nationals, had purchased the release of Catcher Charley Dooin from the Cincinnati club. Dooin will report immediately.

KILLS TWO NEGROES STILL HUNTING THIRD

Two Dead Had Nothing to Do With Crime Committed.

Infuriated Mob in Georgia Searches All Day for Third Negro Charged With Murder of White Planter.

Macon, Ga., July 5.—An all day search by officers and an armed posse of farmers failed today to reveal the whereabouts of the negro slayer of Silas Turner, prominent planter of Jones county, who was shot Sunday near Round Oak. Two negroes were killed by infuriated friends of Turner, shortly after the murder, but quiet prevailed in the county tonight and the authorities said they expected no further trouble.

Sheriff Etheridge said he had heard that several negroes had been killed in the race riot Sunday night but that he had seen the bodies of only, two, Alonzo Greene and his young son, of Wayside.

"They had nothing to do with the murder of Silas Turner," added the sheriff.

Will Gordon, one of three negroes brought here for safe keeping by sheriff's deputies, is said to have told the Jones county authorities that he saw the shot fired that killed Turner. Gordon, the officers said, accused Thomas Brooks of killing the planter.

According to Gordon's story, Turner went to Brooks' home near Round Oak to collect a bill and Brooks shot the planter in the back of the head.

Friends of Turner found his body and started out to avenge his death. Telephone wires to Round Oak and vicinity were cut last night, it was said, and news of the disturbance did not reach here until early today when the deputies arrived with three negroes, who were taken in custody before the mob found them.

JAMES M. SULLIVAN VIRTUALLY ASKED TO RESIGN HIS POST.

As American Minister to the Dominican Republic.

Washington, July 5.—James M. Sullivan, American minister to the Dominican Republic, has in effect been asked to resign his post after investigation by a commission headed by Senator James D. Phelan, of California, and appointed by former Secretary Bryan.

The commission's report has been on file several weeks. Secretary Lansing a few days ago, by instruction of President Wilson, informed Mr. Sullivan the report had recommended that he be permitted to resign.

The minister was given a week to consider the matter and his resignation is expected this week. The Phelan report has not been made public, but it is understood to criticise Mr. Sullivan for indiscretion in the conduct of his office, though praising him for putting into effect reforms and having accomplished many things in the interest of the United States. It called particular attention to a letter written by Mr. Sullivan in which he referred disparagingly to the people of San Domingo. This letter, the commission held, impaired Sullivan's future usefulness as minister.

It is understood that the commission exonerated Mr. Sullivan of all charges affecting his integrity.

TO SUPERVISE PRODUCTION OF MUNITIONS FOR ALLIES.

D. A. Thomas, British Coal Magnate, Arrives in United States.

New York, July 5.—D. A. Thomas, a British coal magnate, who comes to supervise the production in America of war munitions for the Allies, arrived here today aboard the American liner St. Louis from Liverpool.

Mr. Thomas was met at the pier by Sir Cecil Spring-Rice, the British ambassador, and Willard D. Straight, of the firm of J. P. Morgan & Company. One of Mr. Morgan's yachts was at the pier ready to take Mr. Thomas and his party aboard.

"My business in the United States and Canada is to co-operate with Mr. Morgan's firm and firms in Canada in the purchase of war munitions for England," said Mr. Thomas. "In this connection I want to say that there has been no criticism of the manner in which Mr. Morgan has fulfilled his contracts."

MR. AND MRS. INNES INDICTED.

By Federal Grand Jury for Fraudulent Use of Mails.

Atlanta, July 6.—Victor E. Innes and Mrs. Ida Innes, his wife, were indicted by the Federal grand jury here today on charges of fraudulent use of the mails, based upon letters alleged to have been sent to Mrs. Elois Nelms Dennis, formerly of this city. Innes and wife are held by the authorities in San Antonio, Texas, pending a decision of the United States Supreme Court on the question of their extradition to Georgia on a state indictment charging larceny after trust, in connection with the alleged disappearance of funds of Mrs. Dennis' estate.

Mrs. Dennis and her sister, Beatrice Nelms, have been missing from Atlanta for more than a year. No trace of them has been obtained after a nation-wide search.

MENDONHALL'S HEARING FRIDAY.

In Connection With Mysterious Death of Two Women.

Tampa, Fla., July 5.—J. J. Mendonhall, who was arrested Saturday near Clearwater, in connecton with the mysterious death of Mrs. Charles W. Eliot and her daughter, Susie, will be given a preliminary hearing next Friday. Guy S. Temple, chauffeur of the car in which the women are said to have been riding when they met their d[illegible] and Claude B. Hammock, Mendo[illegible] brother-in-law, who told the pol[illegible] that he picked up Mendenhall in his car after the tragedy on the Dundin road, about 20 miles from Tampa, will be witnesses. The police expect to prove by Hammock that this meeting was pre-arranged. They do not charge Hammock with the crime, however.

THEATRICAL

Today is Charlie Chaplin day at the Grand in his latest two-reel comedy "Work". It is a riot of fun from beginning to end. Here is what it is all about, though chaplain's inimitable humor can not be put into words: Charles Chaplin, assistant to a paper hanger, is called with his boss to decorate a beautiful home. The boss makes him haul the wagon with all their paraphernalia, upon the top of which he rides. Chaplain dragging the wagon with difficulty, blocks traffic, bumps into a street car, falls down a manhole, and beats up a policeman, among other mishaps.

Arriving at the house, they proceed leisurely to work, while the master of the house is clamoring loudly for his breakfast. They daub the rooms indiscriminately with paste and nearly wreck the place. Chaplin comedies never fail to please, he's the funniest comedian on the screen, so prepare yourself for a good laugh, and as Chaplin says himself, "watch me work."

"The Way of the Transgressor," a three-reel Vitagraph Broadway star feature is another part of the program, produced by William Humphrey. This feature has won praise from every critic in New York City. The story is strong in plot, skilful in construction, and receives its due at the hands of John Costello, Leo Delaney, Anders Randolf and beautiful Leah Baird. The price of admission will be but five cents, so give the Grand the once over today and be convinced they are giving the best show in town. Thursday Paramount day, Mary Pickford in "Behind the Scenes."

Mammoth Feature at Bijou.

The evils of child labor, of vile housing and factory conditions, of crooked politics and graft and the excesses of the idle rich, all are flayed unmercifully in the smashing four-reel Imp feature, "The White Terror." It is one of Universal's master pictures, and was written by Raymond L. Schrock. The story is enacted by an all-star cast including such stars as Hobart Henley, Francis M. Nelson, William Welsh, Allen Holubar and Howard Crampton, who play the strong dramatic leading roles. It is a feature that strikes a mighty blow against the economic and social evils of the present day and that will prove to be an invaluable aid in stamping out tuberculosis, "the White Plague." It gives a startling exposure of the cure-all fakirs, woven into a story that is a fascinating and enthralling picture of real life.

Fourteen thousand feet of film was made for this great masterpiece, and then it was cut down to four reels. Therefore it is evident that it will be crammed with action, incident and swift plot development and that it will hold your intense interest to the very end. The newspaper which tries to wage a war against these evils is dynamited by the "powers that be" and this is one of the real exciting incidents in the play.

An extra offering for today is a superb Pathe production, "Max is Forced to Work," introducing that celebrated stage comedian, Max Linder, in the title role. You may talk about "Work" and all the other comics, but "when Max is forced to work" there s something doing immediately that defies the telling on paper. Don't miss this big feature, the best comedy you'll see anywhere today.

Scenes from "The White Terror," the Four-Reel Morality Drama, Bijou Today.

I MUST Stop Using Drugs.

How easy it is to say this—and yet how almost impossible it is to actually stop. The drug habit starts harmlessly enough—to bring sleep, or to deaden pain, or to give contentment and mental peace. But it fastens itself insidiously upon its victim—and then life is a losing fight against heavy odds. The inevitable result is mental, moral and physical breakdown. And attempts to stop bring only greater suffering.

But at Greensboro, N. C., thousands have been taken from the clutches of the drug addiction and restored to full health and vigor by the help of the Keeley Institute. Treating the drug habit as a disease, it is the only known medical treatment for the relief of the heroin, morphine, cocaine, opium or other drug diseases.

And not only is the treatment productive of wonderful cures, but there is a personality about the place that aids in restoring lost ideals and ambitions—an uplift that makes the patients just as they were before the addiction fastened itself upon them.

Read the letter of this grateful woman:

"More than two years ago I was taking laudanum and was nothing but a wreck. I had got to the place where I did not care to live and I thought to cure me would entail suffering worse than death. But I stayed four weeks at the Institute and my cure was complete—and I really enjoyed being there." MRS. A. V. MARSTON. Pamplin, Va. April 12, 1915.

It is worth your while to learn further about Greensboro, and start yourself—or someone dear to you—on the road to future happiness. Write us now—frankly and in confidence.

The Keeley Institute

Greensboro, North Carolina.

"A Rubber Chain Tread built on a Powerful Modern Tire"

"Those Big-Mileage Tires"

—that's what automobile owners who use them now call our popular-priced "Chain Tread" Tires

You don't need to take our word at all for the "big-mileage" records of these sensational, wear-resisting "Chain Tread" Anti-skid Tires.

Simply keep one of our Tire Record Blanks, and let this Tire Record prove our claims for you in black and white.

"Chain Tread" Tires

Safety experts acknowledge our rubber chain tread, built on this powerful modern tire, to be an absolutely marvelous anti-skid device.

"Chain Treads" are not simply a fancy design stamped on a tire—they are real anti-skid tires. Send your name and address, for a set of Free Tire Record Blanks, to United States Tire Company, New York City.

"Chain Tread" Tires are sold by Leading Reliable Dealers. Do not accept substitutes

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the county at $6 per year, $3 for six months; $1.50 for three months; or served by carrier in the city and suburbs at 60c. per month, or, when paid in advance, $7.00 per year, $3.50 for six months, $1.75 for three months.

THE SUNDAY STAR by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 61. Editorial and Local rooms, No. 61.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable and all communications should be addressed to

THE WILMINGTON STAR CO.

TUESDAY, JULY 3, 1915.

TOP O' THE MORNING

The most dangerous flattery is the inferiority of those who surround us.
—MADAME SWETCHINE.

An old colored man says he knows he is more than a hundred years old because he remembers when they dug the first river in the United States.

The Jacksonville Times-Union gives us this definition: "Heaven—the place where there are no marriages." Well, is that the only reason it is Heaven?

It has been proposed to deport Huerta to Spain. That would never do. We want to make friends with Spain instead of further incurring her ill will.

The Panama Canal still suffers from slides, but that is what the late Senator Morgan warned us in powerful speeches that we could expect. The engineers thought differently, but Senator Morgan was the best guesser.

We hardly ever hear a word from Rome. Vienna is sawing wood and saying nothing so far as the Italian invasion is concerned. Probably it is not such an invasion as Italy cares to tell us about, and probably Austria does not consider it worth mentioning as war news.

A new law in Idaho makes it binding on county commissioners to provide work for idle men. In order to make it effective the commissioners should be empowered to make idle men work after work has been secured for them.

Colonel Bryan says he stands for peace and he believes President Wilson aims to secure peace, but in a different way from his way. However, President Wilson has the disadvantage of having to forward a lot of notes that are not keynotes of peace.

The editor of a Logansport paper is a woman who has made it an advocate of prohibition. Several men want to marry her so they can make her quit putting prohibition stuff in the paper. Evidently those men have had no experience in trying to manage wives in their own way. It cant' be done.

Has America any right to the sea? Why, we ought to have, but what we are asking for now is the privilege of doing legitimate commerce without having it seized by some other nation which considers its rights on the sea superior to ours. At present we are reduced to the necessity of asking for a permit to exercise a right.

Colonel Bryan's plan for ending war is to get the nations to agree to quit fighting. Frank Holt's way is to blow up the capitol and shoot a multi-millionaire in the way of putting an exclamation point after war. Some newspapers do not care to print a word that Bryan says, but they are eager to print every word that Holt will give out from his prison cell. You explain the reason yourself.

We would like to get rid of Huerta but don't know how. We are in the same fix as a man who caught a bear and wanted to turn it loose. If he had loosed his hold on the bear it would have gotten him, so he called lustily for his friends to help him let go the bear. We are holding on to Huerta for fear he will make more trouble for us if we turn him loose. Yet we surely don't want the old Indian.

The Jacksonville Times-Union remarks: "These are strenuous times. We have warned Great Britain and Germany to sin no more—we have told Japan and China that our rights must be respected, we have arrested Huerta and called Tom Taggart to the bar. Now if anybody doubts that we are a world-power we leave him to the tender mercies of the spear that knows no brother." Huerta and Taggart are our main guys. The others may put our notes on file, but Tom and the old Indian as well understood that we have them where we can get their goats for a while.

OPPORTUNITIES—WHAT, WHERE?

We often think what a herculean task lies before the State Bureau of Publicity in its purpose to make known the resources, potentialities and opportunities in North Carolina. It must not only be a very comprehensive but a very practical scheme if we are to carry it out.

Let us cite a case in point. Not long ago some parties in the North seeking opportunities in North Carolina stopped over in Wilmington. They stated that they had been led to believe that the resources of this section were great and that opportunities were many. Naturally they wanted to know what the opportunities were. They began to inquire and found that neither Tom, Dick nor Harry could tell them. They were referred to various persons who were considered local hot air artists, and they only spoke of their own schemes and tried to interest the visitors in that.

It was nobody's business to show them around and point out specific or definite opportunities or to waste time telling them about this section's generally alleged resources. A certain Wilmingtonian, knowing of one opportunity that might interest them and in which he was not interested himself, took a day off, provided lunch and carried the party on a jaunt to an adjoining county. He gave a day of his valuable time and cheerfully gave the use of his automobile for an exploit that was not worth 30 cents to him.

The property visited was a timber and land proposition and the Wilmington citizen was in hopes they would see the opportunity in it and invest. It meant nothing to him but everything to the owner. The party got a good time at his expense and so did the editor of The Star, for he went along and shared in the hospitalities of the occasion.

At our own expense we have shown several people around the city and county, and could have done so this week, but it was not our job. Even yesterday parties from the North were here looking around and one left for Virginia without getting posted about the resources, possibilities and advantages of this section. One party said that he had heard that there were advantages, possibilities and opportunities at Wilmington, but after remaining here a week, making a study of it himself, he had failed to find anybody who knew any more than he had found out himself.

There is something wrong with our system or method of getting in touch with people and showing them the goods they are looking for. If the State Publicity Bureau will organize the counties and communities so they will know themselves and tell others, and show them, too, it will do a great ground floor work for the State.

The simple truth is we have got to have a better and more systematic organization in the various localities of the State, if we can co-operate to advantage with the State Bureau of Publicity. It can do something but it cannot help communities unless they help the Bureau. It is strictly a game of organization and co-operation, and the counties which find it out and act accordingly will get the benefit of whatever the State organization aims to accomplish for North Carolina.

JUST CRAZY, THAT'S ALL.

Frank Holt, the man who shot J. P. Morgan and says he placed a boom in the reception room of the Senate wing of the magnificent Capitol building at Washington, was practically a subprofessor at Cornell and had been chosen for a professorship in the Southwestern Methodist University in Texas. He was tutor or instructor at Cornell, and, whether he was an educated man or not, he was lamentably short on mind. Whenever a man becomes mentally abnormal, it matters not how smart he is, he is just crazy, professor or no professor.

Poor Holt became obsessed of the enormity of war. He became an intense pacifist. In order to emphasize the absolute horror of war and the world necessity of peace, he tried to blow up the Capitol and shot a millionaire. He resorted to personal violence in order to protest against national or world violence.

Meanwhile, if Holt had made a scrap heap of the Capitol and laid Morgan under the sod, it would have had no more effect on war or peace than if he had stood on his head and wiggled his thumbs. However, he had a mind in which there came the hallucination that the bomb business and assassination were the real thing. He did not have a mind capable of grappling with the stern facts, and so it turned to a solution that involved crime as a remedy for a greater crime.

Crime is no remedy for anything. Crime is no solution for any problem. No crime or outrage can be palliated by committing another crime or another outrage. That is where lynching and war fail to meet civilization's idea of righting a wrong.

Some people depend upon and resort to violence, either personal or national, to right a wrong. One wrong never did justify another. Holt's disordered mind led him to conceive that the explosion of a bomb and the crack of a pistol would appeal to the world. It did not. He only startled and shocked the world.

The Hon. William J. Bryan is similarly obsessed as to war and peace. His method was a mental and intellectual one. He appealed to the sense of men. He sought to indulge in reason and argument. He depended upon an orderly and reasonable process, compared with the violence of Holt.

Colonel Bryan went at it the right way, but judging from the manner in which the public has regarded his earnest convictions, his efforts will have no more effect than those of Holt. What is the matter with the world, anyhow? Is it as crazy as Holt?

A NEW POINT OF VIEW.

Recently when we protested to Great Britain about interfering with the shipment of cotton to Germany, she reminded us that she was following American precedent. So she was. The United States, during the Civil war, put cotton on the contraband list for the reason that the Southern Confederacy delivered cotton to Europe, principally to England, and got gold with which to fight the United States of America. Those of us who were Confederates must admit the truth as to that and consequently justify the Union in putting an embargo on the shipment of cotton. We only look a question square in the face when we admit that cotton gave us a gold supply and enabled us to fight the Union. Now comes the time when we (the Union) protest against the action of Great Britain in interfering with the cotton which we export to Germany or export to neutral countries which can forward cotton to Germany. Of course, we protest to Great Britain for seizing cotton shipments to Germany, but the New Orleans States, as if reminding our government that it is inconsistent, remarks:

"It does not lie in the mouth of the Federal government to criticise the starvation blockade against Germany that England has established as a war measure. Thousands of people are alive today who remember the blockade of our Southern ports during the Civil War which did even more than the valor of the Union armies to bring about the downfall of the Confederacy. Not only were munitions of war and foodstuffs shut out, but also medicines for sick soldiers and non-combatants. The result was that in many thousands of cases bitter herbs had to be used as a substitute for quinine."

Cotton was not mentioned in the foregoing, but the point to be taken note of is the same. The United States not only put an embargo on cotton but put a starvation embargo on the South. That is true, but that does not make it right. That was in 1861-1865, whereas this is in 1915, when nations are supposed to have had the benefit of at least 50 years of civilization. Why should nations now do what they did fifty years ago? We do not make much progress in civilization if we take the acts of the age of barbarism as precedents justifying action in 1915.

Yet what is war but a relic of barbarism? That is what we consider it. A nation at war may put on an embargo of starvation against another's women and children and yet claim to be shocked that another nation should torpedo ships with women and children. We fail to see a particle of difference between the two acts of barbarism.

In view of the fact that this is 1915, we don't see why precedents established by the United States in something similar to the dark ages can be cited as justification of barbarism now.

There can be no excuse for Germany or Great Britain in citing precedents to justify their acts in violation of either humane or international rights. We cannot see how the friends of either cannot see the point and can offer excuses for either them or for our own country in this day of advanced civilization.

ADAPTABILITIES THE WORD

In an abstract way we talk about the resources, potentialities, advantages, adaptabilities and opportunities in North Carolina. All that is merely in the abstract, but what are the concrete facts? Well, it is a matter of investigation and study. Let us take the one question of adaptability, for instance. "Adaptability," oh, yes, that means adaptability—adaptable to what? Why, various portions of North Carolina are adaptable for one thing and some for another. There is the question of trucking, for instance, and here are a few lines from the Charlotte Observer as an illustration:

"When the newspapers write of trucking in North Carolina, the mind naturally turns to the sand hills and Wilmington belts, but the fact is that the trucking industry has made much progress in the piedmont and western sections of the State. In the Amity section, seven miles north of Mooresville, there is one of the finest trucking farms in the State. It is not merely a garden patch, but a large farm, devoted to trucking almost entirely, and is owned and operated by Mr. A. D. Brawley, long-tme known as one of Iredell's most progressive farmers. The Observer has secured as a sample from his diversified products, a dozen onions of the "Prize Winner" and White Pearl varieties, and the dozen weigh 9 1-2 pounds, or just a little more than a pound and a half each. On an eighth of an acre, Mr. Brawley raised more than 50 bushels, or an average of 400 bushels an acre. The crop was raised from seeds sown last September and the sets replanted in November. Mr. Brawley raises all kinds of truck and last season he sold thousands of crates of strawberries. The Observer passes this along in proof that the trucking industry in North Carolina is confined to no narrow bounds. Every county affords opportunities for the farmers of energy and enterprise."

For what is Western or Piedmont Carolina adaptable as a truck-growing section? We found out the other day from an expert that certain truck crops were best adapted to Piedmont Carolina. Yet, Eastern Carolina is exclusively engaged in that one kind of truck production, and the expert finds that the soils here are not as suitable as those in the clay country are. The product is one which will not stand up in sand or loam but necessarily depends upon stiff clay like these in Mecklenburg, Rowan, Lincoln, Catawba or Cleveland. It was a jolt for us, but we had to tumble to the reasons so plainly set forth that we had to acknowledge the adaptability of Piedmont Carolina for certain truck crops.

Probably Western North Carolina is wasting its time in endeavoring to do something that is more peculiarly adapted to Eastern North Carolina. What's the reason we do not get down to brass tacks and begin to make a study of what we string together under the head of resources, potentialities, adaptabilities and opportunities?

If we are going to make a beginning of getting at the concrete facts as to North Carolina, why not begin now and in the right way? Whose business is it to do it?

The adaptabilities for different industries, farm products, or livestock are peculiar to different portions of North Carolina, and it is time for us to say to inquirers: "Go to Eastern North Carolina" or "Go to Western North Carolina" for what they want to do.

A CASE IN POINT

Where Young Man Sees Need of Vaccination Against Typhoid.

"Somehow it never occurred to me that I should be vaccinated against typhoid till yesterday," admitted a young man quite seriously.

"Why not you?" he was asked. "Didn't you have confidence in it?"

"Oh, yes, but I felt that it was a good thing for women and children perhaps, and a fine thing for the army and navy, but for a strong man like me, somehow it didn't seem necessary and rather a trivial thing. I thought it was something new the doctors had found and wanted to experiment with."

"You said it did not occur to you that it was your duty to be vaccinated till yesterday. Why yesterday?"

"Well a few days ago I heard that one of my good friends was sick and had been taken to the hospital. He was always so strong and well and rather prided himself on his good health, that I thought it surely could be nothing serious and that he would soon be out and back at his work. However, his going to the hospital puzzled me, and as soon as I conveniently could I went to see him. As I approached the room where he lay, he greeted me with the warning and if I had not already been vaccinated against typhoid fever to go do so at once. 'You see what neglecting it has done for me,' he said. As I watched his intense suffering and noted his alarming condition, I realized for the first time that I was no more immune than he; that his chances for passing a pleasant summer without illness only a few days ago seemed as fair as mine. Anyway, I took him at his word and went immediately to the dispensary and took my first treatment."

"How is it serving you? Did it make you sick?"

"The idea of such a thing! But I might have said it made me a little sick if I hadn't seen John suffering with the real thing. But, really, it is nothing to mind, and think what it prevents!"

CURRENT COMMENT.

In the unanimous election of James H. Cowan, editor of the Wilmington Dispatch, to the presidency of the North Carolina Press Association, the association paid a well-deserved tribute to one of its most popular members. His constant and untiring interest in association affairs, and his ever-present courtesy and congeniality have steadily pushed him up the ladder until he has been placed on the topmost rung. That he will make a good president, a worthy successor to an able predecessor, W. C. Hammer, is conceded by all who know Mr. Cowan. In addition to all this, he is an editor of marked ability.—Asheville Citizen.

The Wilmington Star thinks the unqualified endorsement given President Wilson by the editors at Montreat means these editors are content to "leave it to Wilson," and this for the simple reason that "the country has a President in whose ability confidence is placed and in whose wisdom, justice and Americanism the country can rely. This is the meaning of similar endorsements by the bankers, manufacturers, civic, social and industrial organizations in North Carolina and in practically every State of the Union." The Star is in hearty accord with the endorsement "so adequately and comprehensively covering the ground." The unanimity of the editors was remarkable. There was but one slight halt, and that was to see if the endorsement could not be framed a little bit stronger, but it was finally agreed that it about covered the case.—Charlotte Observer.

The shooting of Mr. J. P. Morgan, the head of the firm of J. P. Morgan & Company, was the act of an insane man. There is no reasonable doubt of that. Holt, the man who did the shooting, was an instructor at Cornell University, and had accepted a similar position at a college in Dallas, Texas, where his father-in-law lives. If he had been a sane man he would not have shot Mr. Morgan if he expected help from him in an effort to stop the exportation of ammunition. In fact, he wouldn't have gone to Mr. Morgan at all about such a matter, since the latter has nothing to do with stopping the exportation of ammunition. It is true that the Morgan firm has been acting as agent of the Allies in the purchase of ammunition in this country and may be acting in that capacity now, but a sane man would understand that a purchasing agent hasn't the power to do what he claims he wanted done.—Savannah News.

Called to be president of the North Carolina Press Association, James H. Cowan, editor of the Wilmington Dispatch, has given to him an opportunity to do a real service to the State with the aid of his colleagues of the Press. Active, energetic, resourceful, we believe he will not let this pass. First—The imperative call of the present day is that there be made a determined fight against adult illiteracy in North Carolina. The progress of the State is such that this should end. State Superintendent of Public Instruction Joyner has voiced his need of the assistance of the newspapers of North Carolina in his campaign to bring men and women "from darkness into light." President Cowan should keep this matter pressed upon the editors of North Carolina. Second—We need more people in North Carolina. We have the resources and the opportunities in the greatest abundance. The arms of the State are open wide in welcome to all fitting people who will come and be part of us. But the people outside of the State must know this, and herein lies the opportunity for President Cowan. He should miss no opporunity to emphasize upon the editors the use of every available means to thoroughly advertise North Carolina. James H. Cowan deserves the fullest of congratulations upon his selection by the North Carolina Press Association, as its president. It is a high honor, an honor deserved by reason of ability and service. It imposes responsibilities upon the editor who will truly serve the State. President Cowan's career in the newspaper world marks him as a man who can do things. He can do no greater thing than to throw his entire personality into an effort to serve North Carolina. Lieutenants of the Press will be found on all sides to give him support. Let him put his shoulder to the wheel.—Raleigh News and Observer.

New York, July 5.—The Old Dominion steamer Jefferson failed to stop when signalled by the government neutrality patrol boats while outward bound today. The torpedo boat destroyer Drayton started in pursuit and overhauled the Jefferson in the lower bay. The Jefferson was brought back to quarantine, but was subsequently released and proceeded on her voyage.

ITCHING NEARLY DROVE A WHOLE FAMILY CRAZY

Kansas City, Mo., Oct. 24, 1914:—"My husband had a rash all over his body, and soon the WHOLE FAMILY was in the same condition. It looked scaly and raised up on the arms and body in big bumps. This trouble burned and itched so that it would nearly drive one crazy. It was always worse at night, so we could not sleep. We all had this trouble for about two or three years, and during that time tried many remedies and prescriptions with no results. We tried Resinol Ointment and Resinol Soap and it RELIEVED AT ONCE, and before the third jar of ointment had been used, we were all completely cured. It has been four months since we were cured, and there are no traces of the trouble."—(Signed) Mrs. S. A. Clarkson, 1520 Lawn Ave.

Every druggist sells Resinol Ointment and Resinol Soap, and physicians have prescribed them for 20 years in the treatment of skin troubles.

ALL QUIET AND SERENE IN CITY BY THE SEA

Usual Large Crowds Visit the Beaches and Enjoy Day.

Wilmington Observes "Glorious Fifth". German Ship Decorates and Seminole Fires Salute—Business Suspended—Showers.

Save for the salute of 21 guns fired at noon by the coast guard cutter Seminole in honor of the nation's birthday and for the popping of a few firecrackers here and there during the day, the observance of the "Glorious Fifth" in Wilmington yesterday was quiet and serene. Business was practically suspended for the day and from early morn until late last night the suburban cars of the Tidewater Power Company were crowded with passengers, who sought rest and recreation at Wrightsville Beach, while nearly a thousand people took advantage of the opportunity to visit Carolina Beach.

Observer Felger "made good" on his forecast for showers during the day, though it was not until the afternoon that it rained to amount to anything. For an hour or so it showered down heavily and then held up. The rain did not interfere to any extent with the celebration, although the heavy overhanging clouds doubtless kept many people at home.

Stores, banks, public offices and practically all offices were closed for the day. The United States coast guard cutter Seminole was decorated in the different National colors and the German steamer Nicaria, which is anchored across the river opposite the foot of Chestnut street, was gaily bedecked with flags and bunting. Otherwise there was no evidence of the fact that it was the "Fourth," so far as decorations were concerned, except here and there could be seen "Old Glory" flung to the breezes in front of some residence.

Wrightsville Beach was decorated with thousands of flags and presented a truly patriotic appearance. During the morning there were athletic and aquatic events at Lumina and at 11 o'clock Don Richardson's orchestra began playing for the dancing in which old and young engaged. It was a merry crowd and well behaved and orderly. There was also music and dancing in the afternoon and again last evening.

Hundreds of people took advantage of the opportunity to take a dip in the surf while others found pleasure in taking strolls up and down the beautiful beach.

The Tidewater Power Company carried to the beach yesterday 5,313 passengers. This lacked several hundred of being as many as went down last year on the Fourth and doubtless would have been larger had it not been for the threatening weather.

Fully 800 people went down to Carolina Beach on the excursions operated by the steamer Wilmington under the auspices of the two local councils of the Junior Order of United American Mechanics. Music for dancing which continued throughout the day and last night until a late hour was furnished by the Whitlock-West orchestra. In addition to the dancing and the surf bathing there were athletic events. There were three trips made by the steamer Wilmington during the day, the last boat leaving at 7:30 P. M. Quite a number of Wilmington people went down to the beach in automobiles, there being about 30 machines in all to make the trip.

It was quiet, very quiet, in Wilmington all day and those who could not go to the beach and who wished to have some form of recreation went to the moving picture shows instead.

There were no reports of any serious accidents. Policemen were sent to Wrightsville Beach to see that order was preserved in the event of an emergency but their services were not required.

The employes of the Tidewater Power Company again showed their efficiency in looking after the welfare of the large number of passengers by avoiding having the slightest accident. This company has a remarkable record in handling large crowds without accidents of any kind, due to the splendid system of operation of cars which makes an accident well nigh an impossibility.

CELEBRATE THE FOURTH.

Pretty Young Miss Horne, of Delgado, Bride of Mr. John Coley.

There are many ways of celebrating the Glorious Fourth, but perhaps no one that would bring more happiness than that of getting married. At least pretty young Miss Mattie Horne, of Delgado, and Mr. John Coley, of this city, thought that it would be just the right thing to get married on the day we celebrate and yesterday afternoon at 1 o'clock they went to Justice Bornemann's office and in a very few minutes the vows were said that made them man and wife.

After receiving the congratulations of the Justice, who wished for them many happy years of wedded life, they went their way rejoicing. The young bride is only 15 years old and neither of her parents are living.

GETS LEG BROKEN IN BOAT.

Young Man Suffers Break Below Knee. Son of Geo. E. Nevens, Sr.

Mr. George S. Nevens, Jr., had the misfortune of getting his left leg broken below the knee yesterday afternoon about 4 o'clock while out in a boat on Wrightsville Sound. He was immediately brought to the James Walker Memorial Hospital where his injury was dressed and the last report last night was that he was resting nicely. The young man is about 20 years of age and is a son of Mr. George S. Nevens, Sr., the boot and shoe dealer on Market street. The family is spending the summer at their home on the Sound.

NEPHEW DROWNED SUNDAY.

Young George Biggs Lost Life at Currie—Relative of Mr. J. J. Moore.

Acting Sergeant J. J. Moore, of the Wilmington police force, received the sad news yesterday morning that his nephew, George Biggs, the 15 year-old son of his sister, Mrs. Annie Biggs, was drowned near her home at Currie Sunday. Mr. Moore received a telegram, stating simply that his nephew was drowned and no particulars were given. Friends of the bereaved family will sympathize tenderly with them.

DR. M'CLURE IS GRATEFUL

President of Associated Charities Thanks Those Who Have Manifested Much Interest in Poor.

Rev. Dr. A. D. McClure, president of the Associated Charities, in a statement given The Star for publication today expresses his warm appreciation to all who have manifested so much interest in the work of the organization during the past few weeks and especially to Mr. W. G. Robertson and the chorus, who have volunteered to repeat the programme, recently rendered at the Baptist Seaside Chautauqua, at the Victoria theatre next Friday evening for the benefit of the poor of the city.

The management of the Victoria have kindly donated the auditorium for the evening and the Tidewater Power Co., has offered the lights free of charge. As Dr. McClure states all that is now needed is an audience, and that there will be is assured for in addition to helping in a worthy cause the people of the city will have the opportunity of hearing some exceptionally good vocal music.

The statement given The Star yesterday by Dr. McClure follows:

"The Wilmington Star:

"Kind Friends—I do not hesitate to ask a favor of you, in behalf of the Associated Charities and through your columns to thank the many friends who have always, and especially of late, liberally contributed to the funds for our work. Just now I wish to thank the director, Mr. W. G. Robertson, and the voluntary chorus which gave such a fine concert one evening during and as part of the programme of the Baptist Seaside Chautauqua, recently held at Wrightsville Beach.

"This chorus has offered to repeat the programme next Friday evening, July 9th, for the benefit of the Associated Charities. Mr. J. M. Solky, who had previously offered the use of the Victoria, had leased that auditorium. The new manager and lessee very promptly and kindly granted us the use of the Victoria for that date and also his crew for Friday evening. The Tidewater Power Co., has kindly agreed to give us the lighting for the evening.

"So we have planned to have that date and the proffered services of these musicians and other friends at that time. All that is now needed is an audience upon an admission fee of 25 cents for adults and 10 cents for children. I am writing this request to our people to attend, enjoy the concert and so contribute to our cause.

"Yours for the cause,
"A. D. McCLURE,
"President."

STATE'S OUTPUT OF GOLD.

North Carolina Led All the Eastern States the Past Year.

North Carolina easily led all the Eastern and Appalachian States during the past year in its output of gold as it has done for many years past. The figures have just been published in a bulletin by the United States Geological Survey, and in yesterday's Charlotte Observer an interesting review is given by Mr. H. E. C. Bryant, its Washington correspondent. It is as follows:

"North Carolina easily retained first rank in gold output among the Eastern or Appalachian States in 1914, the yield having been the second largest in the last 10 years. The total production of gold in 1914 amounted to 6,343.94 fine ounces, 6,116.92 ounces in 1913. In 1914 the value of the North Carolina gold yield was $131,141 of a total of $173,589 for all the Eastern States.

"The gold was obtained from 12 placers and 9 deep mines, but several of the mines made a very small production. The largest producing placer was the Biggerstaff, in Rutherford county. The Iola mine, in Montgomery county, had the largest yield of gold from deep mining. Other mines which contributed an appreciable part of the gold output were the Rich Cog and Uwarra mines, in Montgomery county; the Gold Hill, in Rowan county, and the Howie, in Union county.

"The silver output of the State, recovered as a by-product from gold mining, was 1,524 fine ounces, valued at $843, against 1,512 fine ounces, valued at $1,095 in 1913. The copper production in 1914 was 20,434 pounds, valued at $2,718.

"The total value of the gold, silver and copper in North Carolina was $134,702, against $128,685 in 1913.

"From the seven producing deep mines in 1914 there was treated 17,451 short tons of ore, of which 17,441 tons was silecious gold ores, with an average recovery of $7.17 a ton in gold and silver, and the remainder was old copper-bearing residues.

"The placers of North Carolina yielded 324.45 fine ounces of gold and 33 fine ounces of silver in 1914, and the silecious ores 8,012.91 ounces of gold and 1,467 ounces of silver."

"THE WHITE TERROR" A VIRILE MORALITY DRAMA

Four-Reel Feature at the Bijou Today.

Mrs. Cuthbert Martinfi of the local chapter Red Cross, has been urged by letter to give as much publicity as possibility to "The White Terror," a four-reel morality drama which is to be shown at the Bijou today.

The play puts over a terrific flaying of the evils of child labor, of vile housing and factory conditions, of crooked politics and graft, and the excesses of the idle rich, the main theme being the story of a greed and lust for money. That the play will exercise a strong influence in aiding in the stamping out of tuberculosis—"The White Plague"—has been vouchsafed by all the critics who have viewed the picture, and it is for this reason that Mrs. Martin has been urged to give it all publicity possible in order that as many as possible may witness it.

Leaves for Whiteville.

It's an old saying in the print shops of the country that once one gets printers' ink on his fingers, it will never come off, and that probably accounts for the fact that Mr. D. S. Hines, an old and exceptionally clever newspaper man, for the past several months with the district agency of the Mutual Life Insurance Co., in this city, leaves this afternoon for Whiteville, N. C., where he will be associated with Editor Mountford in the editorial work on the News-Reporter of that town. Mr. Hines is a strong and forceful writer with a wide acquaintance of public affairs and public men in the State and Nation and he will add strength to the staff of the News-Reporter. Incidentally, while away, he will let the people of Columbus know what a good thing insurance in the Mutual is. He carries the best wishes of a host of friends to his new post of dual action.

OFFICIAL SCORES OF ATHLETIC CELEBRATION

Keen Interest Manifested in Each Event at Lumina.

Despite Rough Sea, All Contests Were Successful Except Swimming—Two Canoes Out of Eight Made the Round.

The athletic contests yesterday under the auspices of the Y. M. C. A. at Lumina, Wrightsville Beach, exceeded expectations and despite the rough sea all events were held except that of the swimmers. Large crowds were already present at the early hour of 10:30 A. M., when the sport began, being made early on account of the tide. Five canoes out of eight entries failed to cross the breakers, and one got out to sea and was upset and the occupants forced to swim to a life boat, allowing their canoe to float away on the waves and be wafted ashore down the beach below the Seashore Hotel.

Those in charge of the contests were: J. P. Seitters, marshal; B. A. Thees, scorer; William Shaw, clerk; Charles Dunhan, referee; D. C. North and Geo. Delbert, judges; Fowler Morrison, starter.

Winners of first prizes were awarded silver medals; all winners of second prizes were given three round trip tickets to the beach, and all winners of third prizes were given one ruond trip ticket. The winners were:

Hundred yard dash (under 110 pounds)—Morgan Fenley, first; Jimmie Smith, second, and George Jones, third.

Hundred yard dash (110 to 135 pounds) — Calvin Wells, first; George Bland, second; William McIntire, third.

Hundred yard dash (over 135 pounds)—Alfred Scales, first; Robert Snakenburg, second; Louis Bornemann, third.

Sack race (under 110 pounds, 75 yards)—William McIntire, first; Luther Toon, second; M. H. Grant, third.

Girls' flag race (under 12 years' old, 100 feet)—Mary Herbst, first prize, winning two pound box of candy; Gladys Platt, second; Alice McVey, third.

Girls' flag race (12 years old and over, 100 feet)—Wallace Brady, first prize, winning two-pound box of candy; Gladys Platt, second; Trixie Rouse, third.

Potato race (under 110 pounds, six potatoes, six feet apart)—Henry Gieschen, first; Howard Green, second; Tony Simon, third.

Potato race (110 pounds and over, six potatoes, six feet apart)—William Walker, first; William McIntire, second; Tom Bagley, third.

Standing broad jump (under 110 pounds)—Morgan Fenley, first prize, nine feet and four inches, winning five round trip tickets; Howard Green, eight feet and one inch, second; Henry Gieschen, seven feet and eleven inches, third.

Running broad jump (110 pounds and over) — There were fifteen entries. Charles Jones won first prize, jumping 16 feet and nine inches, winning five round trip tickets; William Parsley, 16 feet, four and a half inches, second; Alfred Scales, 16 feet and one inch, third.

Canoe race through surf (one-half mile out and back)—There were eight entries, five of whom failed to get out at all, and one of whom got out and upset, failing to get back. Those returning and winning first and second prizes were: R. C. Davis and W. C. Lord, first, and W. M. Parsley and George T. Clark, second. Each of the occupants of the first won a silver medal, and of the second, three round trip tickets.

"LA PETIT BELGIQUE" NEAR THIS CITY.

Small Party Has Already Sailed from Belgium for New York.

A dispatch from London, Eng., says that a small party of Belgians have sailed from Liverpool for New York and that they will soon be brought to Wilmington, N. C., and settled in a colony near here, the name of which colony will be " La Petit Belgique." This will be at St. Helena, one of the colonies of the Carolina Trucking & Development Company, and about twenty miles from Wilmington. The occupation of these Belgians will be to raise vegetables for the New York market, which enterprise has the approval of the United States Secretary of Agriculture. The fare from France here is made only $25 for these men and they expect to continue to talk French and maintain a reverence for their native land, in order to be able to render assistance when it comes time for reconstruction after the great war is over.

They are expected here within the near future and they expect to begin work at once.

FUNERAL OF MR. HOLMES.

Services Will be Conducted from Residence This Afternoon.

The funeral of Mr. John Walker Holmes, the Seaboard conductor, who died Sunday night in James Walker Memorial Hospital, will be conducted from the residence, No. 306 North Seventh street, this afternoon, by Rev. J. A. Sullivan, pastor of Calvary Baptist church. The remains were removed yesterday from the hospital to the residence and many devoted friends of the deceased have called and expressed deepest sympathy to the bereaved ones left behind. The last sad rites will be held today and the body will be laid to rest in Oakdale cemetery.

HEAVY MOVEMENT OF TRUCK

Over 1,800 Cars of Fruits and Vegetables Sent North During Two Weeks in June—Fine Showing.

The Carolina Fruit and Truckers' Journal in its last issue shows that during two weeks in June, from the 7th to the 21st, there were 1,812 cars of fruits and vegetables shipped from the territory in the vicinity of Wilmington which is indeed a remarkable movement considering the fact that if prices had been more favorable the shipments would have been much larger.

According to the figures compiled by the Journal, the grand total of movements in carload lots from this territory and other points throughout this district and covered by the first division of the Atlantic Coast Line, exclusive of the shipments by the Southern Express Company, was as follows:

June 7—Potatoes 18 cars, one car beans, 12 cars cabbage and ten cars mixed vegetables, or a total of 41 cars for this date.

June 8—Potatoes 129 cars, 15 cars beans, 5 cars cabbage, one car cukes and 22 cars mixed vegetables, or a total of 173 cars for this date.

June 9—Potatoes, 171 cars, 11 cars beans, 3 cars cabbage and 18 cars mixed vegetables, or a total of 203 cars for this date.

June 10—Potatoes 162 cars, 4 cars beans, 1 car cabbage, 2 cars cukes, 1 car green corn and 11 cars mixed vegetables, or a total of 181 cars for this date.

June 11—Potatoes 124 cars, 4 cars beans, 1 car cukes, 1 car huckleberries, and 14 cars mixed vegetables, or a total of 144 cars for this date.

June 12—Potatoes 106 cars, 6 cars beans, 2 cars cukes, 2 cars huckleberries and 29 cars mixed vegetables, or a total of 145 cars for this date.

June 13—Potatoes 6 cars, 1 car cukes and 3 cars mixed vegetables ,or a total of 145 cars for this date.

June 13—Potatoes 6 cars, 1 car cukes and 3 cars mixed vegetables, or a total of 10 cars ofr this date.

June 15—Potatoes 50 cars, 12 cars cukes and 17 cars mixed vegetables, or a total of 79 cars for this date.

June 15—Potatoes 91 cars, 8 cars beans, 11 cars cukes, 2 cars huckleberries and 17 cars mixed vegetables, or a total of 129 cars for this date.

June 16—Potatoes 118 cars, 2 cars beans, 27 cars cukes, 2 cars huckleberries and 20 cars mixed vegetables, or a total of 169 cars for this date.

June 17—Potatoes 92 cars, 2 cars beans, 16 cars cukes, 1 car dewberries and 16 cars mixed vegetables, or a total of 128 cars for this date.

June 18—Potatoes 102 cars, 7 cars cukes, and 15 cars mixed vegetables, or a total of 124 cars for this date.

June 19—Potatoes 110 cars, 23 cars cukes, 1 car dewberries and 51 cars mixed vegetables, or a total of 185 cars for this date.

June 20—Potatoes 7 cars and 8 cars cukes or a total of 15 cars for this date.

June 21—Potatoes 61 cars, 16 cars cukes and 9 cars mixed vegetables, or a total of 86 cars for this date.

The above foots up a grand total of 1,812 cars for the past fourteen days, beginning with June 7 and ending with the 21st; or an average of about 128 carloads per day. This is certainly a heavy movement of ffruits and vegetables and speaks volumes for the wealth and development of the whole territory. Surely we have here in our midst the garden spot of the world as a producing district. All we need to make this the richest and most prosperous district in the United States is for a governmental policy at Washington that will furnish regular employment for every willing hand and thereby provide a purchasing capacity for every employe in the country, who would thereby be in position to purchase the agricultural and horticultural products o fthis territory and other parts of the South.

BACK FROM THE "DEAD".

Reported That Victim of Reported Suicide at Beach Has Returned.

A gentleman who came in on the train from the North yesterday brought the interesting report, which he said seemed fully verified there, that young Matt Walker, who about four years ago, in a sensational manner, was reported to have committed suicide by jumping from the railroad trestle over Banks Channel at Wrightsville Beach at a late hour one night, had returned to Burgaw on the train from the North yesterday morning and that he had immediately left the station to visit relatives in the county.

It will be recalled that Walker left a note purporting to assign a reason for his deed and that at the time he carried large life insurance policies made payable to his relative, a Mr. Alex. Rowe. These policies were never paid in full and it has been reported from time to time that Walker was still alive and living in Florida, but until yesterday it had not been stated that he had returned to his native county. There is nothing, of course, to prevent the return of the young man, as the insurance feature of the reported suicide has been settled, but interest attaches to the report, if true, to the extent that they verify suspicions which have been entertained off and on since his disappearance.

An effort was made yesterday to confirm the rumor by communicating with The Star's correspondent at Burgaw, but communication had been cut off by the high winds of the day and night before. Mr. Rowe, the relative of Walker, has since left the city and his whereabouts are now unknown.

Selected as Executor and Trustee By Many Thoughtful People of Means

Many persons of wealth and influence and well qualified to judge of fitness, have named The People's Savings Bank in their wills as Executor and Trustee. This indicates a very high degree of confidence because it means committing to the Bank's management interests held in the highest valuation—the interests of family and other heirs.

Whether your estate is to be large or of only moderate size, you cannot better assure its careful administration in the best interests of your heirs, than by having your lawyer write this Bank into your will as Executor and Trustee. If your will has been written without this provision, the omission may be corrected by a codicil. Call or write in regard to this or any savings or trust business.

BEAUTIFUL CHURCH WEDDING CELEBRATED AT BLADENBORO

Bladenboro, N. C., July 5.—A wedding of much interest was celebrated in the Baptist church of Bladenboro at 3:30 o'clock last Wednesday afternoon, when Miss Bertha Singletary became the bride of Mr. Robert L. Sandridge, of Bryson City, N. C. Long before the appointed hour the auditorium of the church was thronged with admiring friends and relatives of the bride, Mr. Ippie Pait acting as chief usher.

The handsome church was beautiful in its charming simplicity. The altar and chancel had been covered in snowy white, with dainty maidenhair and asparagus ferns and other potted plants arranged on white pedestals, forming a beautiful setting for the bridal party. The central aisle also was covered with white, and on either side were small white pedestals ornamented with crepe paper flowers, joined together with ropes made of white crepe paper, which formed a beautiful pathway for the bride and her attendants. The choir loft and family pew also were decorated with loops of the same graceful rope.

Entering first from the left aisle was Miss Alice Singletary, sister of the bride. Entering with her from the left was Mr. Dolf Callahan. Next came Miss Elizabeth Pait, with Mr. Hendrix Freeman. Last came Miss Eliza Vert Singletary, with Mr. Gaston Callahan. They entered the choir loft from opposite sides and sang in a very charming manner the bridal chorus from Lohengrin, accompanied on the piano by Miss Alice Singletary.

At the conclusion of the chorus, the opening chords of the wedding march from Lohengrin were struck and Rev. I. P. Hedgpeth, of Lumberton, pastor of the bride, entered from the vestry room, followed by the groom. Then down the center aisle came the three little flower girls, Misses Annie Leigh and Martha and Theo Singletary, nieces of the bride. The stately bride entered on the arm of her sister, Miss Attelia Singletary, of Lumberton, who gave her in marriage and who wore a beautiful gown of soft blue taffeta with garniture of lace and pearls. The bride's gown was of Duchess satin draped with lace and trimmed with pearls and lilies of the valley. Her bouquet was of white bride's roses and ferns, tied with airy tulle.

While Miss Singletary played softly "Humoreske" by Dvorak, the wedding vows were taken in an impressive manner. Mendelssohn's was used as the recessional.

Following the ceremony the bridal party and the family drove in automobiles to the country home of the bride where an informal reception was held. The home was splendidly decorated. A delicious ice course was served, the dining table being elegant in its tasteful decorations.

Mr. and Mrs. Sandidge left on the evening train for a trip in "The Land of the Sky", taking in Black Mountain, Mt. Mitchell and Montreat, and the State Press Association. They will be at home to their many friends at Bryson City after July 10th. The bride's going away gown was of blue corded silk. She wore a blouse of cream lace.

Mrs. Sandidge is a member of an old family of Bladen county and numbers her friends by her acquaintances. Mr. Sandidge is a popular business man of Bryson City, being connected with a number of enterprises. The out-of-town guests at the marriage included Mrs. Sandy McLeod, Misses Grace Redmond and Attelia Singletary, of Lumberton, and Mrs. J. I. Singletary and children, of Winston-Salem.

PERSONAL PARAGRAPHS.

—Mr. M. H. Hodges, of Warsaw, was registered at the Orton yesterday.

—Mr. W. L. Jewell, of Sanford, spent the Fourth with relatives on Church street.

—Mr. C. W. King, of Hartsville, S. C., was registered at the Hotel Wilmington yesterday.

—Mr. J. B. Smith, of Elkton, spent yesterday in the city, a guest at the Hotel Wilmington.

—Mr. D. L. Bell, of Chapel Hill, was a business visitor in the city yesterday, a guest at the Orton.

—State Senator Rivers D. Johnson, of Warsaw, spent yesterday in the city, a guest at the Orton.

—Mr. C. F. Gregson, Sr., of Hamlet, spent yesterday with his sons, Messrs. C. F. Gregson, Jr., and William Gregson.

—Mr. M. A. Northrop, of Southport, was a business visitor in the city yesterday, a guest at the Hotel Wilmington.

—Mr. and Mrs. H. L. Morrow and Mrs. H. F. Casey, of Charlotte, were guests at the Hotel Wilmington last night.

—Mr. Z. W. Whitehead, editor of the Carolina Fruit and Truckers' Journal, is spending a few days in Jacksonville, Fla., on business.

—Capt. Fred Rice, United States steamboat inspector, who had been spending some time here, left yesterday on the steamer Cherokee for Georgetown.

—Mr. T. Aubrey Morse left yesterday afternoon to take a course in Y. M. C. A. work at Blue Ridge in the Southern Summer Y. M. C. A. school, near Black Mountain.

—Mr. Harvey Boney, of Rose Hill, representing a large commission house connection in the North, was in the city yesterday on his way to Blackville, S. C., to look after watermelon and cantaloupe shipments.

—General Secretary J. B. Huntington, of the Wilmington Y. M. C. A., left yesterday morning for Blue Ridge near Black Mountain to spend two weeks at the Southern summer school of the Young Men's Christian Association. Mr. J. P. Seitters, physical director of the Y. M. C. A., will be in charge of the association during his absence.

—Senator W. B. Cooper returned yesterday from New York City where he had been on business, to Atlantic City, where he is attending the National Anti-Saloon convention. On his way home from Atlantic City he will stop next week at Hot Springs, Va., to attend the convention of the National Fertilizers' Association and the Southern Fertilizers' Association.

LOCAL DOTS.

—The regular weekly meeting of City Council will be held tonight at 8 o'clock, having been postponed from last night on account of yesterday being a holiday.

—New Hanover convicts and prisoners were allowed to observe the Fourth of July yesterday. Chairman W. A. McGirt, of the Board of County Commissioners, gave the order.

—A thief stole four shirts and a white hat yesterday from William Clemmons, colored, who is employed at the home of Mr. T. E. Cooper, No. 208 North Fourth street. The negro reported the robbery to the police.

—The regular monthly meeting of the Board of County Commissioners will be held this afternoon at 3 o'clock. The board will meet next Monday for the purpose of equalizing tax values and this work will probably take several days.

—The regular monthly meeting of the Board of Education will not be held before the middle of the month on account of the absence of Chairman Carr and Mr. S. Solomon from the city. There are a number of important matters to be considered by the board at its next meeting, among these being the election of a county superintendent of public instruction and the appointment of school committees.

STATEMENT FOR JUNE.

Receipts and Disbursements of City of Wilmington for Month.

Capt. Thos. D. Meares, city clerk and treasurer, has completed the financial statement of the city of Wilmington showing the receipts and disbursements for the month of June, and a copy has been furnished each member of City Council. The statement is as follows:

Collected for same period last year only $10,448.54.

WRIGHTSVILLE BEACH

Hon. Frederick A. Palmer and family, of Atlanta, are expected at the Oceanic this week.

Latest arrivals at Oceanic Hotel include Mr. William J. Straughton, Savannah, Ga.; Judson N. Crabb, Cedartown, Ga.; L. M. Oliver, Moultrie, Ga.; Pitman Barnes, Barnesville, Ga.; T. R. Bell, Wallace; E. P. Chase, Baltimore, Md.; Charles A. Bourne, Richmond, Va.; W. F. Murphy, Wallace; H. E. Williamson, Miss Laura Williamson and Henry Williamson, Atlanta; Miss Margaret Scott, St. Louis; Miss Margaret Cowles, Charlotte; Charles Maish, Fayetteville; John J. Allen and P. G. White, Raleigh; Thomas P. Wood, Atlanta; Henry L. Harrington, Fayetteville; C. L. Holden, Columbia, S. C.

Among the lates arrivals at the Seashore hotel are: Mr. A. J. Roberts, of Charlotte; Mr. H. Reed, New York city; Mr. J. H. Tomlinson, Durham; Mr. J. H. Johnson, Durham; T. F. Emory, Atlanta; Mr. C. C. Farrell, Washington, D. C.; Mr. W. T. Stewart, Atlanta; Mr. T. H. Berman, Birmingham; Mr E. W. Fetzer, Baltimore; Mr. and Mrs. C. R. Hardee and children, Atlanta; Miss Annie Ruth Estes, Atlanta; Mrs. F. D. Alexander, Miss Mary Alexander and Mr. T. B. Alexander, Charlotte; Miss Barringer, Charlotte; Mr. H. F. Emery, Atlanta; Mr. L. G. Leiberdoon, Raleigh.

There were several thousand people at Lumina last evening to enjoy the splendid music by Richardson's orchestra or to look at the moving pictures as best suited them. The dancing was an enjoyable feature for both old and young. Weather conditions were ideal in spite of the threatening clouds and there was nothing to mar the pleasure of the occasion. The best of order prevailed and there has perhaps been no Fourth of July occasion at this pavilion that was more thoroughly enjoyed. The Tidewater Power Company operated its cars on schedule time and handled the large crowds with remarkable facility and without accidents of any kind.

"FINE FEATHERS" TONIGHT AT LUMINA PAVILION

The management of Lumina take great pleasure in announcing that "Fine Feathers," a five-reel photo drama, featuring Janet Beecher, the well-known actress, will be shown tonight. This will be one of the very best of the series of pictures which have been secured this season to be shown on the big screen near the ocean waves.

"Fine Feathers" is a picturization of Eugene Walter's great play, and the screen version is presented by a Broadway cast and is vouched for by the noted Shuberts. The play is one that reaches the heart and along with the stirring dramatic story preaches a big moral.

MR. O. L. LONG MANAGER

Hotel Wilmington is Now in Charge of Former Chief Clerk.

Mr. T. A. Green, proprietor of the Hotel Wilmington, has announced the promotion of Mr. O. L. Long, former chief clerk, to the managership of this hostelry. Mr. Long is a young man who has had a number of years of experience in the hotel business and is well equipped for his new duties. He has been with the Wilmington since it was opened in September last year and previous to that time was with the Central Hotel at Florence, S. C., and was also with the Claremont hotel in Sumter for some time.

He is widely acquainted with the traveling public and on account of his pleasing personality and accommodating manner is very popular with all who knew him. His promotion is a well deserved recognition of his painstaking industry and capable ability. He is a native of Whiteville. His many friends have learned of his appointment with much pleasure and will extend to him their very best wishes for his continued success.

Mr. Long is succeeded as chief clerk by Mr. G. T. Edens, of this city, who has had several years of experience in the hotel business, and is a young man of fine ability with many friends.

WITHSTOOD ATTACK OF FOUR HOURS BY GERMAN SUBMARINE

(Continued From Page One.)

boats, landed at Swansea. Among the crew are six Americans.

NO AMERICAN RIGHTS VIOLATED

Officers of Vessel Admitted They Tried to Escape.

Washington, July 5.—Officials here pointed out today that apparently no American rights had been violated in the German submarine attack on the British steamer Anglo-Californian, as the officers of the vessel admitted they tried to escape.

If any Americans were killed, officials held, the case was parallel to that of the British steamer Armenian, on which several Americans lost their lives.

HAD PELLAGRA; IS NOW CURED

Hillsboro, Ala.—J. W. Turner, of this place, says: "I ought to have written you two weeks ago, but failed to do so. I got well and then forgot to write you. I can get about like a 10-year-old boy; you ought to see me run around and tend to my farm. I can go all day just like I used to. I am so thankful to know there is such a good remedy to cure people of pellagra."

There is no longer any doubt that pellagra can be cured. Don't delay until it is too late. It is your duty to consult the resourceful Baughn.

The symptoms—hands red like sunburn, skin pealing off, sore mouth, the lips, throat and tongue a flaming red, with much mucus and choking; indigestion and nausea, either diarrhoea or constipation.

There is hope; get Baughn's big Free book on Pellagra and learn about the remedy for Pellagra that has at last been found. Address American Compounding Co., box 2097, Jasper, Ala., remembering money is refunded in any case where the remedy fails to cure.—Adv't.

FRENCH TAKE PART WITH AMERICANS

In Annual Pilgrimage to Tomb of La Fayette.

SHARP MAKES SPEECH

American Ambassador to Paris Praises the French Men and Women of the Present and the Past. Poincare Represented.

Paris, July 5.—The annual Independence Day pilgrimage of Americans in Paris to the tomb of the Marquis De LaFayette in the ancient Picpus cemetery was honored today for the first time by the official participation of the French government.

Raymond Poincare, the president of the republic, Alexandre Millerand, the minister of war; Theophile Del Casse, minister of foreign affairs, the prefect of police and the prefect of the Seine were represented. The ministers of the republics of Argentina, Brazil and Chile were present.

H. Cleveland Coxe, a delegate of the Empire State Society of the Sons of the Revolution, draped the tomb with the Stars and Stripes and deposited around it a wreath and flowers.

William Graves Sharp, American ambassador to France, made a speech, briefly alluding to the sympathies of Americans for the nation that gave birth to so noble a figure as LaFayette."

"I can easily understand the nobility of LaFayette's character," said the ambassador, "because I see all around me these days figures patterned on his model. The association of the names of Washington and LaFayette more than ever are appropriate today when the curse of war like a dark threatening cloud lowers over the noble nation from which LaFayette sprang."

Referring further to the war and addressng those French present, Mr. Sharp said:

A Word to the French.

"Among all your noble citizens today is there any doubt that France will survive? No, because your destinies are guided not by one only but a thousand LaFayettes. Yes, France will survive and become greater and more beautiful than ever."

Alluding to the simplicity of the tombs of both LaFayette and Washington, Ambassador Sharp concluded: "No tall shafts rise towards the clouds to perpetuate their memories. Their monuments are in the loving, grateful hearts of their fellowmen."

Frederic Masson, of the French Academy, historian of the Napoleonic epoch, delivered an oration in which he acknowledged the sympathy of Americans. He compared the effort France was making today "fighting for the liberty of Europe" to the war for independence in the colonies.

M. Masson paid eloquent tribute to the Marques De LaFayette for her devotion to her husband in the trying days of the revolution, leaving fortune and luxury to share his prison in Austria. Comparing her sacrifices to the abnegation of the French women of today, the speaker referred to twenty widows of the war sent by the Countess De Ribes to act as ushers at this ceremony, and said:

"If I dwell on the devotion of Madame LaFayette it is because of those today who have lost their all, whose happy past is not even represented by a tomb, continue her glorious tradition. With the same fortitude they are passing through trials and with the same courage they are turning their untrained hands to the manufacture of articles which we ask generous America to put on sale in her great cities in memory of the Marquess De LaFayette."

BUTLER THINKS REPUBLICANS NEVER HAD A BETTER CHANCE

But Declines to State His Personal Choice for Governor.

(Special Star Telegram.)

Washington, D. C., July 5. — Former Senator Marion Butler declared tonight that the chance of the Republicans to carry North Carolina was never better than now. He added that the Democratic leaders are fully aware of this fact, and, for that reason, are trying to select the Republican candidate —"a man who cannot be elected, a man who does not want to be elected, but merely wants to share in the spoils of politics."

Butler would not state his personal choice for the Republican nomination for governor, indicated that the head of either the stand-pat or progressive wing would be a satisfactory man, adding that there are many other men in the State who would fill the bill.

The former Senator counsels his Republican friends to choose a man of the right sort, in order to score a victory.

—Mr. C. H. Moore, of Goldsboro, was a guest at the Orton yesterday.

Youthful, Wrinkleless Skin Easy To Have

You who desire to regain a youthful appearance will do well to make the acquaintance of the two simple, but valuable, prescriptions here given.

To make an effective wrinkle remover, mix an ounce of powdered saxolite and a half pint witch hazel. Bathe the face in the solution—immediately every wrinkle is affected. It acts wonderfully on sagging facial muscles, also, the lotion possessing remarkable astringent and tonic properties.

To get rid of an aged, faded, freckled or discolored complexion, buy an ounce of common mercolized wax at any drugstore and apply nightly as you would cold cream, erasing this morning with soap and water. This will slowly absorb the undesirable surface skin, revealing the younger, brighter, healthier skin underneath. There's nothing to equal this treatment as a clinical rejuvenator.

Spartanburg, S. C., July 5. — The Enoree Manufacturing Company, of Enoree, S. C., was sold at a receiver's sale today to J. L. Westervelt, of Greenville, for $200,001. A. M. Law, formerly president of the mills, was the receiver. The property was offered for sale one month ago for $350,000. There were no bidders.

Atlanta, July 5.—The opening play in the Southern Tennis championship tournament here set for today was postponed until tomorrow owing to the heavy rain of last night and this morning.

IS ALREADY RECEIVING STRONG ENDORSEMENT

Outlook For State Bureau of Publicity is Encouraging

Twenty-Three Counties in Nine Congressional Districts Represented by Leading Men in Organization Meeting.

Greensboro, N. C., July 5.—The North Carolina State Publicity Bureau, temporary organization of which was effected at a meeting of some 70 of the State's most progressive men at Raleigh last Tuesday, June 29, is less than a week old but is already receiving the strong endorsement of thinking men in every part of North Carolina, evidenced in expressions of the press and letters from individuals. This endorsement is given on the general plan of the organization as published from Raleigh following the meeting —to set on foot a campaign of publicity that will place before the people of the outside world a true representation of this State's matchless resources and advantages, agricultural and industrial, to the settler and investor. It is believed that a still stronger endorsement will be given when the full import of this work is understood. The object of the State Bureau, as set forth in full in the plan of organization at last Tuesday's gathering, follows:

First: To study the needs, resources and community progress of the state by sections.

Second: To secure and create such publicity as will promote the development of North Carolina by bringing people of thrift and industry to us, especially to our agricultural lands.

Third: To acquaint people in one section of the State with advantages and progress in other sections.

Fourth: To aid in offering homes at fair and reasonable prices, and protect prospective settlers from unjust speculators and false representations.

Fifth: To assist each section in securing the class of settlers suitable to that locality.

Sixth: To co-operate with local community organizations and civic organizations, railroads and any other organizations, corporation or individuals interested in promoting the purposes set forth."

The 70 men who formulated this broad object represented twenty-three counties of the State and every congressional district save one. The one congressional district not represented is known to have many strong men within its borders who heartily approve this movement, and were doubtless prevented from being present by the press of other engagements, or by illness. Many of the State's best known progressive men, in fact, were unable to be present because of such reasons, but wrote letters explaining their inability to attend and pledging their earnest support. Strong men were in attendance from Asheville, in the west, to Wilmington, in the east. The four leading railroads were represented; and it is believed that with such co-operative effort as indicated in the beginning, this organization will accomplish something worth while in placing North Carolina where she belongs—on a plane with her resources.

The earnestness with which the problem of the State's future was debated at the Raleigh gathering, the stability and broad business experience of the men participating in these discussions, and the character of the men selected to guide the destinities of the organization through the dangerous shoals to a permanent organization, all combine to assure the respect and co-operation of every citizen who has the welfare of his State at heart for the work now in hand; and there is existent a feeling that every public-spirited citizen, as many of them have already done, will rally to the support of these men, who are attempting a great altruistic work for North Carolina than will prove of at least indirect interest to every man, woman and child within her borders. This work, it is conceded, will eventually mean a bigger, better and more prosperous North Carolina. Therefore, it is argued, every citizen should feel it a personal invitation, but to encourage the men who have been selected as officers of the temporary organization by writing them and offering such suggestions as may seem good, and offering assistance in the undertaking.

The plan of organization, in brief, is an executive committee, consisting of the president, six vice-presidents, treasurer and secretary, elected by the board of directors. The board of directors is to consist of not to exceed three members from each congressional district, these to be selected by the members in such district from among their own number. By this means the organization will be truly representative of the entire State and be, in fact, a State-wide organization.

The officers elected to serve until the first annual meeting, which is to be held on the first Tuesday in October, are: Henry A. Page, Aberdeen, president; M. C. Brunson, Chapel Hill, A. E. Tate, High Point, F. R. Hewitt, Asheville; Clarence Poe, Raleigh; A. W. McLean, Lumberton, and O. L. Joyner, Greenville, vice presidents; Alf A. Thompson, Raleigh, treasurer, and J. C. Forester, Greensboro, secretary. Upon these men rests the gigantic task of perfecting the organization that it is hoped will mean the salvation of North Carolina, agriculturally and industrially, and they seek the aid and co-operation of every man in the State who has hopes for a greater future for his State. And in order that the movement may prove a success commensurate with its object, this aid and co-operation is of vital importance.

OFF FOR HARRISBURG, PA.

To Appear Before Governor Brumbaugh for Extradition of Grant.

Columbia, S. C., July 5.—Attorney General Peeples and George Bell Timmerman, solicitor of the eleventh South Carolina circuit, left late today for Harrisburg, Pa., to appear at a hearing Wednesday before Governor Brumbaugh on the granting of extradition papers for return of Joe Grant, alias Frederick Brown, a negro, wanted on a charge of murder in Edgefield county, this state. Extradition granted by Governor Tener, of Pennsylvania, was rescinded by Governor Brumbaugh upon representations by Grant's attorneys that the negro prisoner would be in danger of lynching should he be returned to South Carolina.

AUTOMOBILE OWNERS RUSHING IN ORDERS

Applying For 1916 License Numbers in a Hurry Now

Crop Conditions Fine, Says Graham —Senator Giles Resigns—Raleigh to Vote on School Bond Issue—Notes.

(Special Star Correspondence.)

Raleigh, N. C., July 5.—From the way in which the calls for 1916 license tax numbers are pouring in to the Secretary of State from owners of automobiles, there is every assurance now that it will be a matter of only a very few days before the license numbers will be well over the 16,000 record of 1915. The action of a number of local officers in various parts of the State immediately after the first of the month in demonstrating that it was their purpose to make arrests in all cases where machines were operated without the new year number had the effect of pouring rush orders in to the Secretary of State for the numbers. Incidentally this automobile license business is also bringing a considerable stream of revenue into the State from the automobile owners.

Commissioner of Agriculture W. A. Graham says that from every section of the State there comes to the department reports of most promising crop conditions in cotton, corn and all other standard crops. And, too, there are general manifestations of the awakening of the farmers to the adaptation of the more approved methods of farming and in diversification as well as in the growing of stock, cattle and hogs. The rapid increase in attention to the inoculation of soils with legumes and in general soil improvement is very marked he says.

Senator Giles Resigns.

There was filed in the office of Governor Craig today the resignation of D. F. Giles as State senator for the Thirty-third senatorial district, composed of Alexander, Caldwell, Burke and McDowell counties. Senator Giles resigned for the reason that he had moved from Marion to Raleigh, having become superintendent of the Wake county public schools as the successor to Z. V. Judd, who is now a member of the faculty of the University of North Carolina. While serving in the Senate at the last session, Senator Giles was chairman of the Senate committee on education and led a number of the most important fights for the administration in the matter of educational advancement.

Dr. J. Y. Joyner, State Superintendent of Public Instruction, has returned from Montreat where he attended the sessions of the North Carolina Press Association, and he speaks in the highest terms of the personnel and the work of the association.

Mass Meeting Called.

In view of the crisis that has arisen in the matter of school building funds for Raleigh township public schools through the recent large damage to the Murphy school building and the urgent demands for new buildings in other portions of the city, the school board has issued a special call for a mass meeting of citizens on next Thursday night for the purpose of launching a popular campaign for a $100,000 bond issue. The plan is to officially call the election forthwith and vote on bonds within 30 days; then issue the bonds and get to work on the erection of the buildings. The damaged Murphy building is to be demolished and a larger and fireproof building is to take its place.

There have been received the past few days from well known club women in various sections of the State by Commissioner of Insurance James R. Young, definite applications for appointment for the position in the department as special representative to visit the women's clubs of the State and quicken interest in the matters of fire prevention as they apply to the homes more particularly.

CELEBRATION AT LUMBERTON YESTERDAY A GREAT SUCCESS

Senator McLeod and Rev. Mr. Hester Address Woodmen.

(Special Star Telegram.)

Lumberton, N. C., July 5.—The Woodmen of the Worl dcelebration held here today was a great success from every viewpoint, not withstanding the frequent showers which occurred during the day. The number of visitors was estimated at four to five thousand.

On account of the inclement weather, the picnic dinner had to be served in the court house. State Senator McLeod and Rev. C. R. Hester were the speakers and the great gathering of Woodmen and their friends were greatly delighted with the addresses. Brass bands from Parkton and White Oak furnished music.

WARSAW SELLS BONDS.

Issue of $5,000 Sold, Proceeds to be Used in Street Improvement.

(Special Star Correspondence.)

Warsaw, N. C., July 5.—Five thousand dollars worth of 5 per cent bonds have been issued for the improvement of the streets of Warsaw. These bonds were bought by Mr. H. F. Pierce, cashier of the Bank of Warsaw. There have been so many uses for the money secured by town taxes, that heretofore, only a few streets of the town have been improved, but the extra funds secured by the sale of these bonds will give the board of town officers more working capital, and it is expected that all the streets of the town will receive attention.

FACT

Local Evidence.

Evidence that can be verified.
Fact is what we want.
Opinion is not enough.
Opinions differ.
Here is a Wilmington fact.
You can test it.

J. F. Littleton, 610 S. Sixth St., Wilmington, says: "I had a dull ache across the small of my back, and often I couldn't rest as the pain was so severe. I could hardly rest as the pain was so severe. I could hardly get down to pick up anything, and when I did, I could scarcely get up again. I couldn't control the kidney secretions and had a constant desire to pass them. Day and night this trouble bothered me, and it was wearing on my whole system. After taking a few doses of Doan's Kidney Pills, I was relieved of the misery in my back. When I had finished three boxes my kidneys acted regularly and my back felt as strong as it ever did."

Price 50c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills — the same that Mr. Littleton had. Foster-Milburn Co., Props., Buffalo, N. Y.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess", says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good.

Before I commenced using Cardui, I would split up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for *Special Instructions* on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper. NC120

MRS. MORGAN FIRST TO GRAPPLE HOLT

Held Him by Neck Until She Was Thrust Aside by Husband

SAYS AN EYE WITNESS

Details of the Assault Made by University Professor Upon Financier Show Important Part His Wife Played.

Washington, July 5.—Details of the assault of J. P. Morgan in his summer home at Glen Cove, Long Island, recalling more clearly than reports previously published the courage of Mrs. Morgan, were told here tonight by an eye-witness, a guest in the Morgan home.

When the intruder, later identified as Frank Holt, forced a servant to stand aside and with a revolver in each hand approached Mr. Morgan, his wife threw herself upon Holt, grasping him about the neck and holding him until thrust aside by her husband. Sir Cecil Spring-Rice, the British ambassador, who had been seated at the breakfast table with Mr. and Mrs. Morgan, assisted in disarming Holt.

A ring at the front door first attracted the diners' attention, according to the witness's story. A man's voice was heard at the doorway, demanding admission to see Mr. Morgan. The servant said Mr. Morgan would not receive visitors on business at his country home. Then the man drew a pistol and brandishing it exclaimed:

"I've got another one; you had better show me to Mr. Morgan." In an effort to protect his employer, the servant directed the intruder away from the room where Mr. Morgan was at breakfast and towards another room. Rushing away, the man found Mr. Morgan's children at whom he pointed his pistols as the butler shouted at the top of his voice: "Mr. Morgan, upstairs." The party in the breakfast room heard the strange voice and surmised that one of the servants had become suddenly insane. So the three, Mr. and Mrs. Morgan and Sir Cecil Spring-Rice rushed to the central staircase which he ascended. In the room at the western end of the hall Mr. Morgan and his wife found an old Irish nurse and demanded to know what was the matter, thinking she had made the outcry. Finding that the old woman knew nothing they turned back to the staircase.

Met on Stairway.

At this moment Holt dashed up the stairway. On seeing Mr. Morgan he yelled: "Is that Mr. Morgan? I've got you," at the same time leveling both pistols.

In an instant Mrs. Morgan had thrown herself bodily on the man. She clung to him until her husband shoved her aside and himself grasped hold around the body, pinioning both of his arms to his sides.

There was a desperate struggle between the stalwart financier and his fiery and frenzied assailant. Mrs. Morgan, crowded into the background, kept trying desperately to reach one of Holt's pistol hands.

As the two men swayed in their struggle, Holt's right hand worked a revolver slowly around to Mr. Morgan's thigh. There was an explosion with the gun barrel almost against the financier's groin. A second shot followed in a moment but by this time Mr. Morgan had caught Holt's right wrist and deflected the weapon so that the shot passed through the fleshy upper part of the leg. Then Mr. Morgan forced Holt backward until the assailant fell with a crash flat upon his back upon the blood-stained floor with his arms extended and the financier lying directly over him. Holt had lost the weapon from his right hand, during the struggle, but still clutched the other revolver in his left hand.

Nurse Also Helped.

Then Mrs. Morgan and the Irish nurse cast themselves upon the floor trying to wrench the pistol from the intruder's grip. Sir Cecil Spring-Rice at this time had reached the scene and he, too, caught at a pistol hand, so that they made sure that it could not again be directed at Mr. Morgan.

Meanwhile a muffled voice came from beneath Mr. Morgan weakly crying, "I have a stick of dynamite in my pocket. Take care of it."

The dynamite afterwards was found in the pocket.

Servants then appeared in numbers and foremost among them was one who had picked up a large lump of coal from a scuttle as he ran up the stairs. One smashing blow on the head with the coal subdued Holt. In a few moments the servants had him trussed up with ropes.

Meanwhile Mr. Morgan had struggled to his feet, bleeding profusely. He walked to a telephone, called his office in New York.

"I've been shot through the stomach," he said when answered. "Get the best doctor you can." Then he was induced to lie down and was undressed, revealing a second wound in the leg of which he had been unconscious.

Both Bullets Found.

Physicians were soon on the scene and after a preliminary examination, directed that a search be made for the bullets. Both were found in the hallway, thus assuring the physicians that there was no necessity for difficult and dangerous probing. It also was asserted that the wound in the abdomen was almost superficial, the bullet having traveled clear across the stomach under the skin but without penetrating the thick wall of protecting muscles.

Berlin, July 5 (via London, July 6). The marriage of Ilse Von Bethmann-Hollweg, only daughter of the German chancellor, to Court Zech-Burkersoda, the chancellor's adjutant, was celebrated today at Dr. Von Bethmann-Hollwegg's estate near here.

New York, July 5. — Steered by Cornelius Vanderbilt, the sloop yacht Vanity defeated the Resolute in a 30-mile race in the annual regatta of the Larchmont Yacht Club today by a margin of four minutes, 11 seconds. Chas. Francis Adams sailed the Resolute.

Tarrytown, N. Y., July 5.—John D. Rockefeller had ordered his Pocantico Hills estate closed to visitors and it had the guard doubled, it was said here tonight. Only employes are permitted within the grounds.

FORTY MEXICANS LOOT RANCH ON TEXAS SOIL

Eighty U. S. Cavalrymen in Pursuit of the Band

Huerta Weeps Over Treatment Accorded Him by Americans—Hurt Because His Word Doesn't Go —Attack Renewed.

Harlingen, Texas, July 5.—Eighty United States cavalrymen left here late today in pursuit of a band of forty Mexicans who crossed the border Sunday night and looted a ranch near Lyford, Texas, 30 miles from here, killing two men.

El Paso, Texas, July 6.—General Victoriano Huerta wept today when he talked with newspapermen of the "deep hurt," as he characterized it, he had received from Americans. The aged prisoner expressed indignation that his word did not carry greater weight:

"I gave them my word of honor that I would not attempt to leave El Paso," he cried. "And I gave bail. Yet I am forced to occupy this cell. There is one thing no man can say and that is that I have ever broken my word."

Washington, July 5.—Carranza agency despatches tonight from Vera Cruz announced that General Pablo Gonzales with a reinforced army had renewed his attack on Mexico City. The last direct word from the Mexican capital received here told of the repulse of the Carranza forces under Gonzales by the defending Zapata army, said to number 25,000 men. It is known that the Zapata forces are now short of ammunition and officials here would not be surprised to hear at any time that they had evacuated.

HE WARNS AGAINST DANGER OF BREACH WITH THIS NATION

(Continued From Page One.)

in the hunting grounds of the Mediterranean, the Dardanelles and the Suez canal.

"Submarine warfare against merchantmen in that case should be modified or abandoned to obtain a more favorable neutrality from and the friendship of America which would be of great value to Germany after the war.

"If the answer is in the affirmative then the law of self-preservation would justify us in the situation which England has forced upon us in using to the fullest extent our superiority in submarines and we can calmly accept all the consequences of it."

The Kreuz Zeitung in its weekly review says that the limitations upon submarine operations would cause widespread and deep agitation among the German people. It is probable, however, the newspaper adds, that in the forthcoming note to America a form will be found which will offer a prospect of settling the question so far as passengers are concerned.

DAUTRIDGE WELL PLEASED.

With the Progress His Campaign for Governor is Making.

(Special Star Correspondence.)

Raleigh, N. C., July 5. — Lieutenant Governor Daughtridge while here on business with the State departments, said that he is well pleased with the progress of his campaign for the Democratic nomination for governor in the next campaign. He regards the present time as a season of inaction to a large degree, but says that his friends who are carrying on a quiet campaign in his behalf in their respective sections report to him that gratifying headway is being made and that he is being encouraged very greatly in his campaign. He says that while he and those friends active in his behalf may not be making as much noise as some others, they are forging ahead all the time and making gains that are substantial and permanent.

Governor Daughtridge speaks in the most cordial terms of Attorney General Bickett, who is his only avowed competitor for the gubernatorial honors as yet, and says that there is not the slightest probability of any sort of unpleasantness entering into the campaign. It will just be a matter of choice among the good Democrats of the State, he says, and he believes that when the test comes they will prefer to confer the honor on him simply out of a conviction that he is the most logical candidate for the party for the impending campaign.

BIGGEST AUDIENCE EVER HEARS BRYAN

(Continued From Page One.)

ecutives of foreign countries and from many Americans and individuals.

Cablegrams were received from Yuan Shi Kai, president of China, and from the presidents of the Dominican Republic, Salvador, Guatemala, Honduras, Nicaragua, Paraguay, Panama and Cuba.

MANY EVENTS IN GOTHAM

New York City Celebrates "The Glorious Fourth" in Lively Manner.

New York, July 5.—New York city's official celebration of Independence Day today comprised a varied list of events ranging from ceremonies and speechc-making in city hall park to patriotic exercises by scores of neighborhood organizations in different sections of the city, the unfurling of a huge flag in Broadway, numerous memorial exercises and athletic contests.

Features of the afternoon and evening programme were the Americanization day meeting in the stadium of the college of the city of New York where goods of immigrants admitted to citizenship here within the last year were addressed by Federal and State representatives. Numerous suffrage meetings and dancing fetes were held in the streets.

Harwich, England, July 6.—The Norwegian steamer Pick has been sunk by a torpedo or mine off Sunk Lightship, near the mouth of the Thames. Her crew of fifteen has been brought here.

London, July 5.—The schooner Sunbeam of Kirkwall Scotland, has been sunk by a German submarine. The crew was saved.

FACE TO FACE WITH THE SERVANT PROBLEM

Entirely New Experience of the Dutch Housewife.

Girls Get Paying Employment in Stores, Factories and Offices in Place of the Men Called to the Colors.

(Correspondence of Associated Press.)

Rotterdam, Netherlands, June 28.—For the first time in history, the Dutch housewife is today face to face with a servant problem. With 10 per cent of the male population of the country called to the colors, the girl who does not wish to be a servant can very readily find well paid work as clerk or factory hand, or in an office or even on the farm. Many are doing so, and it is now rare to see in the Dutch papers the customary form of advertisement for a place in domestic service.

Following the Dutch custom, domestic servants are employed by the year at yearly fixed wages; and in case of dissatisfaction on either side, a rupture of the contract can only take place quarterly, on the first of February, May, August or November. Notice by either party must be given at the very least three months in advance, on or before one of these dates, and runs for full three months from the next following term date. Thus, to discharge an ill-tempered or incompetent girl the day after she has come to work, requires six months toleration of her, or the payment of six months' wages.

The wages, however, are not high, though the war and the consequent servant famine is tending to raise them. A cook ordinarily receives $160 per year with all her food and washing paid, and one cent as commission on every dollar's worth of household supplies purchased, which the cook collects from the tradesmen.

A good housemaid received $80 per year, all found—with the added hope of falling heir to some of her mistress' clothes. A footman or houseboy receives about $140 per year, also all found. The housewife must, in addition, pay workmen's compensation insurance.

The tipping system is the curse of domestic service in The Netherlands. In addition to the cook's commission, each servant, at the New Year and All Saints Day receives 5 gulden on every hundred of yearly wage, of $1 on every $20. But these are not all, nor indeed the most important tips in a Dutch house. Every guest invited to dinner is expected to leave a florin (40 cents) with the butler on departing. All receipts from this source, as well from an equally inexorable tax placed upon guests stopping in the house, go into a common pot under the guardianship of the butler, to be distributed at the end of the quarter, among all the servants, in the proportion of their yearly wages.

At a recent meeting of the Netherlands Association of Housewives, Miss G. M. van Oorschot, assistant director of the Amsterdam Municipal Labor Exchange, made a spirited and frank talk upon existing conditions in domestic service in The Netherlands.

"The servant problem," said Miss van Oorschot, "is rightfully an international question which, until now, has received altogether too little serious attention. The principal trouble is that the relationship between the housewife and her domestic employes is regarded rather as a patriarchal one than as one of pure business, with social and economic aspects far outweighing the purely personal considerations. Many a girl today has left domestic service for factory or shop work solely because her personal freedom has been abridged by the terms of her employment and by the intransigeance of her employer. The smallest matters, hich may seem to have no fundamental significance, are sufficient to make a girl dissatisfied. Many girls, for example, object to wearing caps as a mark of service, or to being addressed as 'servants.'

"There is but one solution of the social difficulties presented by this problem. That is to provide for competent instruction in domestic service, and to regard those who have availed themselves of this training as skilled workers, pursuing a trade for the exercise of which there shall be as many and as definite legal guarantees as for the exercise of the bricklayers', tailors' or plumbers' trades.

"The hours of labor demanded of domestic servants, their rare hours of freedom, and the tipping system in vogue here in Holland all need regulation."

GERMANY AND UNITED STATES EXCHANGING VIEWS ON THE NOTE

(Continued from Page One.)

bassador Gerard's reports to the State Department have set no specific date, but he has predicted that a week would be required to finish the communication.

Mr. Gerard has been unable to learn definitely just what the German reply will outline. He knows, however, that Germany will make a counter proposal.

Such advices as he has sent portray a favorable atmosphere in Berlin, from which he infers that the reply will be friendly and perhaps satisfactory.

In a general way it is known officially that Germany wants to avoid further attacks on passenger vessels of any nationality, but it's difficultty is to frame a proposal so as to prevent the Allies from continuing to ship large quantities of ammunition and contraband on these ships.

While the United States claims the right to have its citizens travel on all ships whether they carry contraband or not, Germany hopes, it is understood, to impose a moral obligation whereby Americans would be persuaded not to take passage on vessels devoted chiefly to contraband traffic. The suggestion in press dispatches of a joint British-American or German-American inspection of passenger vessels is regarded in some quarters as likely to furnish a basis for a partial understanding.

Just what arrangements may be made with reference to cargo ships of enemy nationality on which Americans have been shipping as members of the crew is a matter of wide conjecture. The cases of the British liners Armenian and Anglo-Californian, furnish instances in which repeated efforts were made to escape German submarines. In such cases, some officials point out that the United States may face a situation in which it will have to inform its citizens who ship as members of crews of foreign vessels that its protection ceases the moment resistance to capture begins or on repeated efforts to escape.

As a whole, officials here believe the forthcoming note will pave the way for further discussion in which the cases of friction between the United States and Germany may be removed.

HOLT ANXIOUS TO TELL WHOLE STORY

(Continued From Page One)

assailant of J. P. Morgan and the man who disappeared from Harvard after the death of his wife, in 1906, were the same.

"Some of the expressions used in the letters of Holt remind me of phrases used by Muenter. I have never heard from Holt nor of Prof. Muenter, since he disappeared nearly ten years ago. We have had numerous clews, such as they were, but none ever turned out to be anything more than rumor."

LITTLE KNOWN AT DALLAS.

Even His Wife Knew Little of Him Before He Fort Worth.

Dallas, Texas, July 5.—Further than that he came to Texas from Mexico in 1908 and took up some land near Brownsville, but abandoned it because he could not secure water rights, no information could be secured here today of the career of Frank Holt prior to the time he entered Polytechnic College in Fort Worth, as a student instructor.

Mrs. Holt, in a statement given out today by her father, O. F. Sensabaugh, declared that she knows virtually nothing of her husband's life before he became her classmate at Fort Worth.

Meadville, Pa., July 5.—Prof. George Mulfinger, professor of German in Allegheny College, said today that if pictures of Frank Holt taken after his arrest and printed here, are good likenesses, Holt is not Erich Muenter. Dr. Mulfinger said he knew Muenter well at the University of Chicago and also when Muenter taught at Harvard.

POLICE LOCATE HOUSE.

Where Holt Stayed in Washington Before Setting Bomb.

Washington, July 5.—The police today located the house where Holt stayed in Washington when he came to plant the bomb which wrecked a room in the Capitol. It is a rooming house between the Capitol and the union station and in searching the room detectives found an empty bottle which had contained sulphuric acid.

ASK YOUR NEIGHBOR

So many thousands of women have been restored to health by Lydia E. Pinkham's Vegetable Compound that there is hardly a neighborhood in any city, town or hamlet in this country wherein some woman has not found health in this good old-fashioned root and herb remedy. If you are suffering from some womanly ill, why don't you try it?
